August Building May Total Half Million

Total Permits for First Thirteen Days Reach $189,400—If That Rate Is Maintained Month Will Close With at Least $450,000 New Construction

Eleven building permits having a total valuation of $17,080, were issued by the building department at the Glendale city hall up to 12 o'clock this morning. Thus far the total for August is $189,240. If the builders continue to construct homes and business houses during the remainder of the month as they have during the first 13 days of August, the building permits will run up to a little better than $450,000. The building permits taken out in Glendale have thus far this year reached the tremendous total of $2,607,884.

The permits issued today were as follows:

A. H. Johnson, garage, 356 Arden, J. L. Murphy ..... $ 150
Roy Bancroft, porch, 121 West Eulalia 230
William Hensel, garage, 525 West California 200
Edward S. Franklin, 5 rooms and garage, 342 N. Adams.... 3,500
Edward S. Franklin, 5 rooms and garage, 346 N. Adams..... 3,500
Roy A. Miller, garage, 916 East Orange Grove 200
Carrie A. Toot, 5 rooms, 543 W. Myrtle 3,000
Edward Roberts, sleeping porch, 460 West Windsor road..... 300
H. Rueter, 5 rooms, 356 West Acacia, B. W. Sherwood..... 2,800
Mrs. Parsons, 5 rooms, 703 East Elk, Elmer Elliott 2,300
Charles C. Carroll, 4 rooms and garage, 320 West Burchett..... 900

"BIG FOUR" DEFERS ACTION

CLEVELAND, O., Aug. 13.—The "Big Four" railroad brotherhoods will not determine their course of action, upon the refusal of the executives of eastern railroads to grant their demands, before next week, Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, and spokesman of the organization, declared today.

RETURNS TO NEW YORK

NEW YORK, Aug. 13.—Jack Dempsey returned to the metropolis today after a sojourn in the west where he has visited since knocking out Georges Carpentier, July 2. The world's champion is here to discuss future matches, a possible trip to Europe and other business matters with his manager, Jack Kearns.

TEN COMMANDMENTS AT BERKELEY

BERKELEY, Calif., Aug. 13.—If the ten "commandments" of Associated Women Students of the University of California are obeyed there will be no late callers, all night parties or breakfast dancers this year. The rule issued advises:

That there be a 10:30 p. m. rule for callers; that all women be in from walking by 10:30 p. m.; that women, going out in the evening leave defnite word where they are going; that there be a limit to nights of recreation a week; that organizations so far as possible do not entertain until the week-end; that the women of the university express a strong sentiment against cheating in the examination; that the women of the university express a strong sentiment against mixed boarding houses; that the women of the university recommend the college dances close at 1 o'clock; that the women of the university express a strong sentiment against attending "Skull and Keys runnings;" that there be definite quiet hours for study in every house where there are women students.

HUNGARIAN PEACE EXPECTED

WASHINGTON, Aug. 13.—Although the state department has no confirmation of reports that Hungary is ready to sign a treaty with the United States on the basis of the Knox peace resolution, officials today indicated that official advices to this effect are expected from Hungary.

POLISH TO ATTACK SILESIA

BERLIN, Aug. 13.—A Polish attack may begin in Upper Silesia tomorrow, according to a report from Tornowitz, to the Deutsche Zeitung today. It was reported several Polish regiments would move if final orders for the attack were given.

DAM DROWNS HUNDREDS

MILAN, Aug. 13.—Two hundred and fifty persons were drowned by the bursting of the Isarco dam, near Chinsa, according to information received here today.

Rushing Work on New Block in City Center

Fifty Applicants Await Accommodations in Julius Kranz Building at California and Brand Boulevard—Will Contain Five Up-to-the-Minute Apartments

Work is nearing completion on the business block that is being constructed by Julius Kranz at the corner of Brand boulevard and California street. Nothing that would tend to hurry the construction of this block is being left undone. This haste is being caused by the large number of applications being received for the business rooms in this block, as well as for the apartments on the second floor.

$21,000 is Invested

This business block will cost about $21,000. It will be 53 by 86 feet in size, and will be entirely of brick. There are three storerooms on Brand boulevard and two on California. One of the rooms on Brand boulevard has been rented by Mrs. I. D. Wheeler, formerly of the east, who will, about September 1, open a strictly modern delicatessen store. One of the California street rooms has been rented and is now occupied by Frank H. Wyman, who is operating a doughnut factory. Mr. Kranz says that there is a veritable scramble for the other rooms, more than fifty applications being on the list. These, however, will not be rented until a definite opening date is assured.

New Apartments

The second floor of this building is divided into six apartments. There are five apartments consisting of three rooms and bath, and one with two rooms and bath. Each apartment has a large dressing cabinet, and throughout the various suites the celebrated Marsh-Stein disappearing beds are being installed. The apartments will be heated by Potter gas heaters, which are of the radiator type. Hot water will be furnished at all times to all parts of the building. This will be supplied by the Superbo heater, which will be situated in the electric room on the second floor. The tank of this heater will have a capacity of 66 gallons. The living rooms in each of the apartments will be 12 by 14 feet, the dining rooms will range about 12 by 12 feet, while the size of the kitchens will be 8 by 12 and 10 by 12. The bathrooms will be 8 by 8 and 8 by 10 feet in dimensions. Each bathroom will have a built-in tub, and the bathrooms and kitchens will be equipped with battleship linoleum.

Throughout all the apartments the floors will have an half-inch surface of hardwood.

All Materials Bought Here

One feature of the construction of this building is that, so far as possible, all of the material used therein was furnished by Glendale merchants, the gas and water heaters being the only things purchased outside the city. Also, the building was constructed entirely by local workmen. The plans were drawn by Architect Charlton, who is with the Bentley-Schoeneman lumber company, the brick and cement work was done by Harry Betz, and Edward Daniels is the building foreman of the building.

This building is of class B construction, and as far as possible has been made fireproof. It is the only building in Glendale which has galvanized light courts, there being four of these. It is a valuable addition to the business section of Glendale.

GRADUATE NURSES ARE ADDRESSED BY REV. WARREN

A baccalaureate address, unusual in character and filled with loving admonition, was delivered this morning at the Seventh-Day Adventist church to the graduating class of nurses who have just finished a course at the Glendale sanitarium and hospital. It was made by Elder Luther Warren, of San Diego.

To the Seventh-Day Adventist, the work of a consecrated nurse is a religious vocation, and it was from that viewpoint that he spoke.

Class Assembles

The class, which was grouped in the center of the auditorium facing the pulpit, made an impressive entry to the processional march, "Onward, Christian Soldier," played by Mrs. C. F. Swartzfager, organist, and Mrs. A. Belle Johnson, pianiste. Fine, wholesome young women they were, modest and serious, but very attractive, in their striped nurses' uniforms, and spotless white caps and aprons. One of the graduates, Emma Lilian Munson, is the daughter of Elder R. W. Munson, chaplain of the sanitarium, her fellow graduates being: Martha Marie Schuler, Bessie Jane Gerald, Harriet May Alderson, Olive Winifred Evans, Anna Belle Roberts, Ethel Valena Gyes, Mabel Mary Stierwalt, Bessie Mabry Baker, Veda Sue Marsh, Marguerite Louise Unruh, Ila Marie De Camp, Fern Lorella Bostwick, Elizabeth Evelyn Buhler, Elsie Schmidt Capper and Hazel Wilma Roberson.

A rope of asparagus fern framed the motto of the class, "For Others," which centered the wall behind the preacher, and was in reality the theme of his address.

Pastor Neff Offers Prayer

Pastor E. F. Neff offered the invocation, and Pastor R. W. Munson the benediction. Fine musical numbers embellished the program, the choir, directed by C. H. Jones, giving the anthem, "Hark, Hark, My Soul," Mrs. Rita King Nelson singing the solo parts, with violin, organ and piano accompaniment.

"Open the Gates of the Temple," by Knapp, was beautifully sung as a baritone solo by J. Elwood Moore, with piano and violin accompaniment, and the violinist of the service, Fred L. Clint, was heard in solo, playing Cadman's "Erinnerungen."

One Thousand Present

Ta accommodate the audience of not less than one thousand who gathered to speed these young women on what they regard as evangelistic work, extra chairs had to be brought in.

In beginning his address, Rev. Warren said he wished that he might speak as he would talk to a daughter just starting out on her life work, that it might be a personal message. Said he:

The Address

"I could wish that this were a service of the laying on of hands in ordination. I believe in that for the consecrated nurse. I believe when we fully understand the plans of the Great Physician our consecrated nurses will be so ordained.

"My text is taken from the tenth chapter of Hosea, first verse: 'Israel is an empty vine. He bringeth forth fruit unto himself.' The marginal note says this vine bears fruit only to cast it off before it is of any value to ayone else, before it is fit for the service of others. The good vine is just the opposite ofthis . He lives for others. This is Christianity. This only is Christianity.

"I would also like to give you as a text to put beside your motto, the tenth verse of the fifth chapter of Ephesians, but I will give to to you in the twentieth century reading: 'Always be trying to find out what best pleases the Lord.'

"I suppose you know that little verse:

"'I'll do my best, my very best,
And do it every day;
And then my best, my very best,
Will better grow each day.'

"All God expects of us is that the very best shall be done. You are not to attempt to do my best and I am not to try to get ahead of you. This morning a little girl told me this verse, which her mother had taught her:

"'Good, better, best. Never rest until your good is better and your better, best.'

"That is God's plan for all of us all the time. It is especially his plan for nurses. To my mind, the work of a nurse stands at the very height of human experience, if that nurse takes the motto you have chosen. I

ALLIES TO HELP RUSSIA

PARIS, Aug. 13.—The supreme council today decided to assist in Russian relief. It was decided, however not to allocate credits for Russian relief.

BOMB MAKERS STRIKE

PARIS, Aug. 13.—Workmen employed in the munition factories at Robaix went on strike this morning in protest against the manufacture of grenades for Doland and Roumania.

GEORGIA SURGEON IS A SUICIDE

ATLANTA, Ga., Aug. 13.—Floyd W. McRae, one of the most prominent surgeons in the south, was found dead at his home here today, death having been caused by a pistol shot, presumably self-inflicted.

JAPAN IN SILESIAN ISSUE

PARIS, Aug. 13.—Viscount Ishii, ambassador to France and president of the council of the League of Nations, today called an extraordinary meeting of the league council for August 20, to discuss the Upper Silesian issue.

SINN FEIN WANTS PEACE

DUBLIN, Aug. 13.—Eamoon de Valera's letter to Premier Lloyd George informed the premier that the Sinn Fein parliament, Dail Eireann, is ready to negotiate for peace upon the English terms, according to the best of authority here today.

LLOYD GEORGE TO REPLY

LONDON, Aug. 13.—Premier Lloyd George's reply to Eamonn de Valera's communication concerning the English peace offer will be sent to Dublin from the premier's country estate at Chequers, within 48 hours, it was learned this afternoon.

30,000,000 WILL STAFVE

LONDON, Aug. 13.—That thirty million persons will be starving in Russia by the time relief supplies are arriving in the country is the weighed judgment of the leaders at Moscow, according to P. E. Hodgson, head of the British trade mission to Russia.

GREAT BRITAIN ARMING

LONDON, Aug. 13.—Great Britain plans to start the construction of four super-dreadnaughts next year which will carry 18-inch guns, the Evening Standard announced today.

The warships will be 1,000 feet long, will be capable of 35 knots an hour and will cost 7,500,000 pounds sterling each.

CRISIS IN CUBA

CAMAGUEY, Cuba, Aug. 13.—Government authorities are endeavoring today to prevent a clash between American troops stationed here and the people as a consequence of an assault upon Commander Leroy Foster, reserver officer of the United States army, engineering corps, by Humberto and Ascanie Sabriel, both sons of the mayor.

POLICE NET CLOSING ABOUT HIGHTOWER

SAN FRANCISCO, Aug. 13.—Development after development followed swiftly today in the round up evidence aaginst William Hightower, suspected slayer of Father Patrick E. Heslin, kidnapped Colma priest.

Following swiftly on the disclosure that Hightower had a tent which had been set up close by the grave of the priest at Salada Beach, Doris Shirley, woman of mystery, was found. "She cleared up seevral things," Captain of Detectives Duncan Matheson admitted after two hours conference with her.

"We probably will take Hightower to San Mateo county today and formally charge him with the murder of Father Heslin," announced District Attorney J. Franklin Swart, in charge of the investigation for that county, on his arrival at police headquarters.

"We will clear up some things today and by noon we expect to be in shape to take decisive action," he added.

BEER BILL PASSES HOUSE

WASHINGTON, Aug. 13.—The anti-beer bill, as passed by the senate, was reported favorably to the house by the judiciary committee today. The Stanley amendment which would prevent searching and seizing without warrants, was modified so that it would apply only to dwellings and places used as dwellings.

WATSON RECEIVES HIS "TIME" FROM CITY EMPLOYES

Handsome Gold Watch Presented to Retiring City Manager by Associates

In appreciation of his friendship and assistance during the past eight years, the heads of the various departments of Glendale presented Thomas W. Watson, retiring city manager of Glendale, with a handsome gold watch, the presentation of the token taking place at 11 o'clock this morning in the office of Judge Lowe. All of the department heads were present at the time the gift was tendered in an atmosphere of good will.

The watch is a beauty. It is of Waltham make and has 17 jewels. On the inside of the back of the case is engraved, "Presented to Thomas T. Watson by his associates in the city hall, August 13, 1921."

Judge Lowe Presents Gift

In behalf of the officials Judge Lowe presented the watch to Mr. Watson. In a very few words he told the retiring city manager that all of those present were indebted to him for the assistance he had given them during the past few years, and that it was the wish of each official that the friendship that had grown up between themselves and Mr. Watson would continue throughout the years that are to come.

Mr. Watson Replies

In response Mr. Watson assured the doners that the generous gift was indeed a surprise to him. "I appreciate the good-will and friendship that impels you gentlemen to present this beautiful token to me. I assure you that each time I wear this watch, I will think of all of you and also of this occasion. The friendship that has sprung up between us I hope and feel assured will be of a lasting character. Accept my thanks and please remember that if at any time I can be of assistance to you in any way I will be only too pleased to help you."

CONNER, OF VALLEY CITY, LIKES REEVES

That Glendale has displayed excellent discretion in selecting William H. Reeves for its new city manager, was the assertion made this morning by C. S. Conner, secretary of the San Fernando Chamber of Commerce, who has been intimately acquainted with Mr. Reeves' work in Pasadena for a number of years. Mr. Conner was recently associated with one of the Pasadena newspapers.

"Mr. Reeves is intimately acquainted with every phase of city government, both in a political and technical way," said Mr. Conner. "He is an untiring student of municipal management and is a constructive executive.

"I had the good fortune to know Mr. Reeves and of his work in Pasadena at first hand. During our period of friendship he showed himself to be honest, straight-forward and determined in every civic measure he undertook. His work was always above reproach. He will prove his ability during his term of office."

BOYS HELD FOR COURT

Benjamin Franklin, 333 North Adams street, and Kenneth Patterson, 1410 East California street, who were arrested Thursday by Ira J. Herbert of the Glendale Patrol and Fire Dispatch, are being held in Los Angeles by juvenile court authorities, having been bound over by Judge Lowe to the superior court for trial on a charge of burglary.

It is reported by Officer Herbert that he apprehended the two boys hiding last Thursday night in the doorway of the Nash Garage. They were arrested on suspicion and a search by Patrolman Scales disclosed the fact that they had in their possession keys, pliars and a .38-calibre revolver.

Their confession and announcement of where they had hidden a quantity of loot proved that they were responsible for having broken into the procery store operated by Samuel Gatto at Colorado boulevard and Verdugo road Thursday night.

WOMAN NET CHAMPION ARRIVES

NEW YORK, Aug. 13.—Mlle. Suzanne Lenglen, international woman tennis singles champion, arrived here today aboard the liner Paris, to take part in the women's national tennis championships, which is scheduled to commence at Forest Hills, L. I., Monday afternoon. Her first match, in the lower half of the draw, will be played against Miss Eleanor Goss.

Invasion of 2,000 Due This Fall in Community

Household Effects Are On Way While 150 Families Arrive Monthly From Los Angeles Seeking to Buy Homes Here—Too Hurried to Wait to Build

TAG YOUR BAGGAGE

"Why not have tags bearing the name 'Glendale' to affix to our baggage to carry out our boosting program?"

That was the question Mrs. A. J. Harrison, 441 West Windsor road, asked this morning, in the Chamber of Commerce offices. She is about to start on a trip to Hawthorn, N. J., and is planning to hoost Glendale at every stage of the journey.

"Glendale is already well-known throughout the country as a consequence of its phenomenal growth, and I am sure baggage tags announcing that the traveler was from Glendale, would add materially to the publicity this city has already been given," said Mrs. Harrison.

In accounting for the excellent summer trade in real estate that Glendale operators have enjoyed, Mr. Wildey of Edwards & Wildey, recently quoted a statement made to him by a representative of one of the big van and storage companies of Los Angeles to the effect that it moves an average of five families a day to this city.

L. A. Hart, of the Hart Realty Co., this city, mentioned figures given to him by a man employed in the freight department of one of the transcontinental railways, who told him that the household effects of 2,000 families bound for Los Angeles are now on the road.

"With such a situation as that it is not surprising to see these strangers swarming out into the suburbs or to find them buying homes in a town as attractive as is Glendale," he added.

Mr. Hart says that July was a quiet month, but August has begun briskly and he looks for a very good business in September. "The demand for houses is improving," he declares. "People realize it is costly to build, that it is hard to secure money for the purpose, and ready built houses can often be bought on very favorable terms."

MRS. WOOLLARD FIGHTING FOR LIFE

Reports from the Glendale Sanitarium hospital show that Mrs. F. L. Woollard, 145 Pacific avenue, who shot herself at her home early Thursday morning, is making a valiant fight for life. Dr. H. R. Boyer, of the First National Bank building, who is attending Mrs. Woollard, stated this morning that his patient is somewhat improved and that there is a chance that the injured lady will improve.

Yesterday afternoon when Mr. Woollard was siting at the bedside of his wife she brightened and asked: "Where am I, and why was I brought here?"

This expression would seem to support the belief that when attempting to end her life Mrs. Woollard was not in her right mind.

SARAH BERNHARDT IS SERIOUSLY ILL

(By International News Service)

PARIS, Aug. 13. — Madame Sarah Bernhardt, famous French actress, is seriously ill at her country home today. There is grave anxiety upon the part of Madame Bernhardt's friends on account of her advanced age.

PRESIDENT DISCUSSES TAXES

WASHINGTON, Aug. 13.—President [illegible] and Republican Leader Mondell conferred today relative to the general legislative situation. Mondell advised the President that the tax revision bill may be delayed several days in passing the House and probably will not be passed on August 25, as expected.

SHE'S A REGULAR FELLER!

SAN DIEGO, Calif., Aug. 13.—She may be a woman—but she's an officeholder, and a politician.

Miss Ada York, appointed county superintendent of schools by the board of supervisors to fill a resignation vacancy, passed the cigars around the courthouse today in honor of the event.

BOOSTER MEETING FOR VALLEY FAIR ON AUGUST 18

A big, get-together booster meeting to stir up interest in the San Fernando Fair and Market, to be held September 13 to 18, will be staged the evening of August 18 at the city park in San Fernando.

There will be a number of speakers present who will outline the plans of the affair and stress its desirable features. James A. Rhoades, secretary of the local Chamber of Commerce, and E. F. Sanders, chairman of the Glendale industrial committee of the fair, will represent this city.

All Sa Fernando valley residents are invited to attend the meeting. It is suggested that they motor over to the San Fernando park and get into the "game." Anyone, who wishes, may speak.

Work begins today at the fair grounds, it is reported by C. S. Conner, secretary of the San Fernando Chamber of Commerce. Sheds and fences will be completed before the end of the month. The poultry and livestock committees are displaying live-wire enthusiasm and have already lined up a group of desirable exhibitors. Committees of the women's department have also been hard at work and it is said that their displays are nearing completion.

SHIPPING APPROPRIATION

WASHINGTON, Aug. 13.—Preceding its action by severe criticism of Chairman A. D. Lasker, the house voted an emergency appropriation of $48,500,000 for the United States Shipping Board.

R.D. White Addresses Legion on Americanism

Enthusiastic Meeting of Legionnaires and Auxiliary Hears Review of National Work From Glendale School Superintendent—Work of Women

Enthusiasm ran high in looking forward to the future work of the American Legion of Glendale when that body met in a joint meeting with the Ladies' Auxilliary of the Legion last night at post headquarters.

It was a general "get together' affair which proved highly entertaining with the program that had been arranged by the legion heads.

Mrs. Marks Discusses Work

Mrs. Carol Marks of Los Angeles, who is president of the state association of American Legion auxiliaries, gave a detailed talk in which she touched on cooperation between the legion and its auxiliary. She outlined, in her address, the development and the activities, for the past year, of the organization of which she is head.

Superintendent White Talks

Richardson D. White, superintendent of schools of Glendale, emphasized the sameness of patriotic ideals as expressed by the legion and the public schools of the country, in a brief address he made based on his experiences at the convention of the National Education Association which he atended in July in Des Moines.

—A delightful musical program served to round out the program. Albert K. Lewis entertained with a group of songs: Eddie Moniot played the banjo accompanied by Mrs. Chalmers Day on the piano. The evening broke up with dancing and refreshments. About 60 persons were present.

Automobile Section Glendale Daily Press

EXIDE BATTERIES GUARD HARBORS OF ATLANTIC

As the wireless becomes more highly developed, more and more does its possibilities seem infinite.

The United States Department of Commerce is installing automatic wireless stations, in addition to whistles and horns, to guide ships through fog and stormy weather.

Three of these are being placed at the entrance to New York harbor, according to H. M. Parker, of the local Exide station.

"These stations," Mr. Parker explained, "send out their signals continuously during fog or bad weather. The signals are picked up by the ships by means of an instrument known as the radio compass.

"Just as the ordinary compass tells the pilot what direction or course he is steering, the radio compass registers the direction from which the signals come.

"The captain is thus able to avoid the dangerous spots much easier than if he depended upon the sound of the regular fog horn or whistle, which would be more or less at the mercy of the wind and other elements.

"The operation of this latest development in safe navigation depends greatly upon Exide batteries, which the bureau of standards of the Commerce department has installed in the radio stations.

"The new system is different from any other wireless method for this purpose, in that a knowledge of the telegraphic code is not necessary, either by the lighthouse keeper or the captain of the vessel receiving it. Any vessel equipped with the radio compass can receive the signals.

"Radio signals have so far been installed on Ambrose Channel and Fire Island lightships, and Sea Girt light houses. Other stations," Mr. Parker said, "are to be equipped later."

The reason the nations do not feel under moral obligations to administer the vast resources of Russia, is because Russia also has vast resources of cannon fodder.

But With Somebody Else!

"Why were they married?"

"Because they fell in love."

"And why were they divorced?"

"For the same reason!"

Valley Auto Trade Has Good Local Booster

The recent merger of the San Fernando Valley Automobile Trade Association with the San Gabriel Valley Automobile Trade Association brings into the local field, Secretary-Manager P. W. Battelle, who will have active charge of both organizations.

Mr. Battelle is an experienced organizer and has met with great success in his work of building up the membership, creating a spirit of active co-operation and instilling in the public's mind the desirability of trading with dealers who display the wheel and radiator insignia and guarantee their work.

Veteran of Mexican Flurry

A veteran of the Mexican Campaign and the World War, Mr. Battelle has, in his years of service in the United States Navy, traveled approximately 175,000 miles or the equivalent of seven times around the world. Among the many places he visited were Alaska, all the Pacific Coast States, Mexico and Panama on the West Coast; Nova Scotia, all the Eastern States, Central America, South America and Africa, the Bermudas and Azore Islands on the East. He crossed the equator some fourteen times and also had the unique experience of being on a ship which was blown up fourteen hundred miles out to sea.

After leaving the service, Mr. Battelle resumed his position as superintendent of buildings for a large real estate and rental firm in Seattle, leaving there to come to Los Angeles, taking over the position of Advertising Manager of the Grand Central Public Market, the largest market west of Chicago.

Formerly Sales Manager

After handling that work successfully, he was offered the position of advertising and sales promotion manager of the Miller Rubber Company, of Los Angeles, and accepted.

When the San Gabriel Valley Automobile Trade Association decided to employ a full time Secretary-Manager, Mr. Battelle was the unanimous choice of the directors.

At the time of his taking over the organization, it numbered thirty-two members. Under his guidance and with the active support of the directors and members the Association w by leaps and bounds until today the membership is eighty or over 150 per cent increase since the first of the year.

Mr. Battelle is an ardent believer in organization for the betterment of the trade conditions and the Auto Trade Association throughout the State have done yeoman service in eliminating the "Fly-by-night dealer and replacing him by one who lives up to the Association's motto of "Your Protection," gives service for a reasonable sum, guarantees the work and who believes that a satisfied customer is a man's best advertisement.

RECKLESS DRIVERS FEEL EFFECT OF BIG CAMPAIGN

Recognition of the efforts of the Automobile Club of Southern California to reduce accidents has been gained by action soon to be taken by various municipalities in the Southern part of the State.

Although the lead in the attempt to stop reckless driving is to be taken by Mayor Cryer of Los Angeles, the effort is to be general instead of specific on the part of police court judges in Southern California cities particularly and in the various sheriff's offices.

Speeding Is Infectious

Reckless driving, it is pointed out, is a matter of individual inclination rather than epidemical, and it is with the individual that the police court judges are planning particularly to deal. A spirit of recklessness evidenced by boyish drivers of trucks and delivery wagons, while not participating in accidents themselves, is communicated to motorists who would otherwise be law-abiding drivers.

Check Up Courts

Checks are to be kept in various police courts throughout the Southern part of the State on traffic law violators which it is hoped will be instrumental in the conducing of a general campaign to stop reckless driving, not only on city streets but on suburban highways.

"Cops" have no authority unless they are backed-up by the police courts, according to their own testimony, and it is the plan of the police courts from now on to back-up the "copy" who is stationed as a motorcycle officer on the highways or in a blue uniform on the city streets.

SO. CAL. AUTO CLUB ROAD CHARTING NEARLY DONE

One of the greatest map-charting expeditions ever undertaken in the state by the Automobile Club of Southern California has just been sent on its way to cover famous "byways" much used by motorists.

Important among the points to be covered by this expedition, which is in charge of Guy Eckert and Mack Cohee of the Club's Touring Bureau, will be the Redwood Forests of California, which are becoming more and more popular with local residents as well as eastern visitors.

Pinnacle National Forest

Included in the itinerary for the taking of notes, from which motoring maps will be drawn, will be the famous Pinnacle National Forest just east of Soledad in San Benito County and the picturesque Half-moon day country on the coast west of San Mateo.

While most of this territory has already been covered by the Club, new roads have been rapidly put into commission throughout and so re-charting notes are necessary.

The Club crew will also travel from Reno to Lake Tahoe via the New Rose Mountain road. Among other new roads to be charted will be the Double S Grade road east of the Calaveras grove of big trees.

In Kern County the Greenhorn mountains from Woody to Kernville will also be charted. When the expedition is completed, the map-making crew will have covered 4,700 miles, all of which, with the exception of 108, are in California and 108 in Nevada.

No Doubt

"You can't sell that man an encyclopedia."

"Why not?"

"He knows it all."

"Well, he'll enjoy going over it for errors."

WESTINGHOUSE BATTERIES

FOUNDATIONS FOR FAITH

BATTERIES are bought on faith. The black box is sealed. Top connectors and caps are the only parts you see. You pay for electrical power. You depend upon it mightily. A touch of the starter and it must send your motor whirling. Ignition — lights — the horn — they must never fail. The faith that governs buying must be crystallized in power.

Westinghouse achievements inspire confidence. The first air brake was a Westinghouse. Automatic railroad signals were Westinghouse developments. For half a century the name, Westinghouse, has been associated with the development of power and transportation.

It was logical that Westinghouse should build a battery—natural your faith should be rewarded with results. Examination of the battery's construction and parts confirms this faith. There has been no compromise. Standards raised through fifty years of achievement have not been lowered. From grid to the shock-absorbing U-shaped gasket, the Westinghouse Battery, in design, principle and performance, conquers supreme tests.

Allied with this new Westinghouse triumph is Westinghouse Attention —a new development in battery service. This service is for the battery now in your car—regardless of its make.

FORD TRUCK BUYER SAYS IT IS BEST BY HIS TEST

Recently, the Mackechnie Bread company purchased eight one-ton Ford trucks from Jesse E. Smith, Ford dealer of Glendale.

In asking why this company selected the Ford truck with demountable rims, Mr. R. L. Davidson, sales manager, gave the following reasons, which will be of interest to all truck owners.

"We have tried many trucks and have come to the conclusion that the Ford truck will make better time over the numerous stretches of rough roads they encounter, and more economically, than any make of truck we have ever had to do this hauling.

Truck Looks Good

"We wanted to have these trucks as good-looking as possible, believing that a truck with a good-looking body is as valuable an advertisement as bill board space. Therefore, we spared no expense in outfitting these Ford trucks with extra fine bodies.

"One of the features we like best about the new Ford truck is the demountable rims. Our trucks have to run on schedule time and when a tire gives away, it used to put us off our schedule, and it was necessary for the driver to run faster to make up time. This has been practically avoided, as it is far quicker to change tires with the demountable rim feature, which adds greatly to the efficiency of the Ford truck from the standpoint of bread delivery.

Keep Them Up

"In order to keep our Ford trucks in excellent running condition and thereby avoid delays on the road, every 30 days each truck is thoroughly gone over. In this manner they are kept in as perfect a condition as it is possible to keep them. Not only does it eliminate stops on the road for adjustments, but it is more economical in the long run. Here is where the Ford reigns supreme. We can overhaul a Ford completely in a couple of days, whereas, with the larger motored trucks, it would take double that time.

"Our gasoline mileage is in the neighborhood of 18 miles to the gallon, 75 miles to the quart of oil, and 10,000 miles to the set of tires.

"We attribute largely our ability to deliver fresh bread prompty to our customers hundreds of miles away from our Los Angeles plant, to the sturdy, speedy and economical Ford trucks that do our hauling," concluded Mr. Davidson.

MILLIGAN REPORTS UTAH ROADS BAD

Difficult roads, practically impassable in many places, characterize the stretch between here and Salt Lake City, according to A. A. Milligan, 1218 East Windsor road, who yesterday arrived home.

Mr. Milligan motored to Salt Lake City but did not attempt the return trip as the voyage appeared too perilous in view of reports that the road had been washed out in a number of places. The Overland Limited, he said, was delayed for 19 hours at one point where the tracks had been undermined by the heavy rains.

Mr. Milligan left his wife in Salt Lake City where she is recuperating from an operation she underwent while there. He reports that she is improving steadily.

Business in Salt Lake City is inclined to be quiet at the present time, according to Mr. Milligan, who says, however, that merchants there are looking forward to a speedy return to better conditions.

Mr. Milligan will return to his work at the Chambers & Felts Garage, 228 South Brand boulevard.

Naming the Baby

We jest can't git a name fer him—but I'm a-keepin' still!
Ef they name him "William Pinkins," why, they're shore to call him "Bill!"
The mother thought of "Moses," but the goodness gracious knows
Ef she ever slaps that name to him he'll trot along as "Moze!"

The preacher said "Ezekiel" wuz the name we orter seek;
But I floored him when I tol' him they would cut it down to "Zeke!"
An' then he sprung "Jehosophat"—but still he met with loss,
Fer I tol' him, shore as preachin', they would halter him to "Hoss!"

We run all through the catalogue, but not a name was foun'
But offered fine inducements fer the folks to cut it down!
But last, the mother up en said—it made the preacher nod:—
He's sich a heavenly blessin' we'll jest call him "Grace o' God!"

The most annoying thing about poverty is the fact that other people

USED CAR MARKET A BAROMETER OF NEW SALES

"The healthy and active situation of the used car market of today serves as a sort of business barometer by which we may gauge the solidity and the financial health of the automobile industry in general, according to Geo. E. Clayton, local Dodge dealer.

"Seldom before has the business of buying and selling used automobiles been in such a favorable position, both from the standpoint of the buyer and the seller. But the whole framework of used car values, and the satisfaction of the purchaser must be upheld by the rigid and unswerving honesty of used car dealers, if that merchant hopes to hold his rightful and proper place in the automobile industry.

There is no more disappointed or bitter man living than one who has been misdealt with, or who has been the victim of misrepresentation by the used car dealer.

"Since Dodge Brothers do not build their cars in a series of models their material appearance has not changed to a marked degree. We have been provided the full records of production, showing the year in which a Dodge Brothers' motor car of any given number was manufactured so that prospective purchasers of these cars may avail themselves of this opportunity to prevent possible misrepresentation, for while we operate a used car market ourselves, we are only too glad to assist the owners or prospective owners of Dodge Brothers' cars.

"Perhaps the most salient indication of the firm foundation upon which the automobile industry sits today is the heavy demand for used Dodge Brothers' Motor cars and other lines.

"Automobiles, especially Dodge Brothers' cars, stay on our salesroom floors but a very short time: in fact, they are hardly taken in before they are resold. In a great measure this is due to the high re-sale value which renders the purchase of a new or second-hand Dodge Brothers' car more of an investment than anything else," concluded Mr. Clayton.

MOTOR CAR REPLACES ENGINE AND COACH

W. H. Wright, superintendent of the Savannah Division of the Central Railroad of Georgia, inspects the property on his division with more comfort, thoroughness and speed, and at a lower cost than most divisional superintendents in America. In former days he covered his division with a special train consisting of a locomotive and coach, which required the services of an engineer, fireman and conductor.

To attain greater flexibility in his regular inspections he had a motor car equipped with standard gauge steel flanged wheels. This unique car is driven by Mr. Wright himself and in addition to the occupants it carries the varied accessories necessary to the superintendent in his work. At times the car is dispatched down the road only a few minutes ahead of important passenger trains, so confident are the officials of the motor's power and reliability. It proved so successful in several years of operation that other divisions have been similarly equipped. At present there are ten or more of the cars in operation on railroads in and around Atlanta.

The only thrilling experience in the lives of some men is finding a dime in an old pair of pants.

PEOPLE OF OUR TOWN

The Other Character in this Cartoon is out of the Office and Four Blocks down the Street, but the Editor is still Telling Him what he thinks of being called a Profiteer because he hasn't cut the Price of his Newspaper yet. The Editor is charging Fifty Cents a year more than He did Twenty-Five Years ago!

WESTINGHOUSE OPENS STATION

With the opening of a Westinghouse battery service station in this city, local automobile owners are given the first opportunity to inspect and secure the new "longer-lived" storage battery for starting and lighting.

Made by the Westinghouse Union Battery company at Swissvale, Pa., with the resources and experience of the Westinghouse Air Brake company behind it, this new battery enters the field to fill a need for batteries of greater dependability and longer life.

In common sizes, it is claimed that it has from 15 to 25 per cent greater capacity than other batteries. It is made in all sizes for every known make of automobile. The Westinghouse battery carries a manufacturers' absolute guarantee of satisfaction for eighteen months.

The design and production of Westinghouse batteries are supplemented by the quality of service which is being offered at its various service stations. Battery service has been raised to a new plane by the men who are helping to maintain in the battery field the reputation of the name of Westinghouse.

The local service station, just being completed, has been designed with only the convenience of the car owner in mind, having been built back from the street to allow service to be given without entering the building. The customer may, however, enter at one door and go out another at the front, or may drive through to the alley at the rear. It is being equipped with all the latest equipment for the efficient handling of service, and is located in the heart of "automobile row" at 233-5 South Brand boulevard, just south of Colorado.

NEW COLORS FOR LICENSE PLATES

A liberal touch of the colors of old glory, blue and white, will constitute the color scheme of the 1922 California automobile license plate, Charles J. Chenu, superintendent of the State Motor Vehicle department, announces.

The plates, says Mr. Chenu, will have deep blue numbers with a pure white background, a decided contrast to the present yellow and black plate, which has been denounced by California artists.

Bids for supplying the 1922 plates have already been received by the state department of finance. Approximately 1,000,000 plates will be used.

The reformers need not worry. The movies are never as wicked as the advertisements promise.

The funny part of it is that the hemstitched and embroidered things the bride has are so pretty that she doesn't feel free to wear them.

GOOD PROGRAM AT GLENDALE THEATRE THIS EVENING

The ever popular Meikeljohn & Dunn vaudeville road show at the Glendale theatre tonight will offer a program of feature attractions that bids fair to outclass anything yet offered on the Glendale theatre stage.

Headlining the program will be The Plantation Four, a quartet of harmony singers who feature the famous songs of Dixieland. This act has made quite a reputation with their harmony songs as well as with their comedy numbers. Glendale has heard some mighty fine singers on the Meiklejohn & Dunn programs, including the celebrated Metropolitan Quartet, but this quartet of southern darkies has an offering different from any now appearing on the stage.

Many requests have been received by Manager Howe of Glendale for a local appearance of the Keith circuit favorites, Arnold and Taylor, who make their summer home in Glendale. Through a fortunate chain of circumstances, Meiklejohn & Dunn have been able to include these two popular entertainers on the program tonight. Miss Taylor is a comedienne as well as a songstress, and Mr. Arnold is a "piano fiend"—meaning, of course, that he "rattles the keys."

Musical acts in the past have received a generous welcome from local vaudeville patrons, and the advent of Harrison and Halloway, with their saxophone and banjo offering, will be welcome news. Miss Harrison is one of those comely little queens, very good to look at, and this, of course, is an added attraction.

Alfredo, the "Musical Clown," is a comedian who plays some very weird instruments—the older residents will no doubt recall him, for he has played on practically every vaudeville circuit in the world—and is now preparing for his fall season, which opens in the east.

And, to make this extraordinary program even more attractive, the feature picture, "The Big Adventure," starring the wonderful child actor, Breezy Eason, jr., is included, and Master Eason is scheduled to appear in person at the first performance.

The usual popular prices will prevail tonight, with performances at 7 and 9 o'clock.

LOCAL AUTO DEALER BACK FROM TRIP

Max Green, local Oakland dealer, has just returned from Idylwild, where he and his wife had been spending a ten-day vacation.

Mr. Green has nothing but praise for Idyllwild, and claims it is one of the best outing spots in Southern California, easy of access, fine roads all the way, and at the end of the trip, fishing.

"Oh, boy!" It is needless to say that at the end of a two days' fishing trip Mr. Green's basket contained 30 beautiful specimens of the speckled variety.

But He Was Logical

"I don't like a friend to domineer over me," said the young man with the patient disposition.

"Who has been doing that?"

"My room-mate. He borrowed my dress suit."

"That's a good deal of liberty."

"I don't mind it, but when he asked for my unbrella I told him I might want to use it myself. But he got it just the same."

Some hunger for the cheers of the multitude, but the wise man is content if the paying teller smiles cordially at the sight of his name on the clock.

SATURDAY, AUGUST 13, 1921

OLD TIMES

Three railroads, the Missouri Pacific, the Wabash and the Chicago and Alton, are having a passenger rate war between Kansas City and St. Louis. Round-trip fares between these two points have been cut nearly 50 per cent.

This, indeed, seems like pre-war days, when competition was given free rein and the railroads were willing to sacrifice to get the business.

Considering the situation in which the railroads were in when taken over by the government, there was probably no other way out of it. The government needed capacity transportation facilities at any cost, but the cost was terrific. Much of our railroad ills today may be traced back to government operation. The railroads forgot how to compete for business, or how to economize.

But this rate war on the Kansas City-St. Louis lines is a hopeful sign that at last the railway chiefs are returning to the former individualistic ways of getting business. The railroads had a terrible case of government in business, but, as they gradually free themselves from the stigma, they will forget about government aid and go after business. The railroads are of so great importance in nearly all industries that signs of readjustment among them are hopeful signs for all.

POOL YOUR PROFITS

Two thousand families have shipped their household effects from the East, consigned to Los Angeles.

Five families are moving to Glendale weekly.

Do you realize, local investor, the emergency? And do you realize you are warned in time?

Do you realize if you pooled the money you have already made out of Glendale's phenomenal growth that you can meet that emergency?

A pool can finance a large hotel, it can loan money to rush up at least temporary homes.

Why buy oil stock when you can work your own gold mine—Glendale?

It is a curious thing that many motion picture companies consider it a breach of good taste to show films made by actors or actresses who have since died. People are also heard to express dislike for witnessing a picture showing a deceased star. And yet some of the greatest paintings are portraits of bygone heroes. A library is a room filled with the books of great minds who have passed beyond, and it is not at all unlikely that in the future phonographic records of all great singers and speakers will be kept for posterity. Why the films should be censored is puzzling.

A fashion note says, "A single-stick ostrich fan of American beauty is carried with a white ball gown." But the Detroit News is not shocked. In fact, says the News, "we had expected it. They have started carrying their gowns."

Speaking of a tariff on hides, the Kansas City Star is reminded that about all a tariff is good for anyway is to protect political hides.

Henry Ford is now running a railroad in competition with his flivvers and trucks. Whichever wins, Henry will come out on top.

She was one of those young ladies who had learned her French off perfume bottles.

The Swiss government has given former Emperor Charles the move-on signal.

GRAVE AND GAY

The Whyfore

Here are some answers to the question:

"Why do they call a ship she?"

If you ever tried to steer one you wouldn't ask.

Because it takes so long to get them ready to go anywhere.

They need almost as much dolling up and painting as any woman you ever saw.

A ship's gotta have it's own way or it won't go.

Ships always come off the ways backward like the members of a certain sex alighting from street cars.

It costs so much to keep one in operation.

They are always calling at some place or another.

Because shipbuilders can't live without them.

Who ever won an argument from them?

Because they are held together with steel.

Because they frequently toss their noses in the air.

Too Late!

"My friend, if you don't wish to pay the high duty on domestics, do as I have done—marry your chambermaid."

"Impossible! I have just married my cook."

Familiarity Breeds, Etc.

Small Boy (in Washington trolley car, hailing a dignified looking gentleman passenger)—Hello, Bill!

Shocked Lady Passenger—Boy, you should be ashamed of yourself! That gentleman is a United States Senator!

Small Boy—Aw, wot's de matter wid you? Ain't I his caddie?

It would be easier to understand the fall of Adam if he had squeezed the juice out of that apple and given it a week to fortify itself.

Young Enterprise

"I made a penny, papa," said Harry.

"That's right, my boy. I like to see traits of industry in the young. How did you make it?"

"That boy next door bet me a penny I couldn't take my fifteen-dollar watch to pieces."

"You have such a big establishment that I can't find my way about."

"Map of the store? Third counter to your right, sir, 10 cents."

The teacher in one of the grades asked her young pupils to write essays, character sketches.

Up went one little hand.

"May I write about you, Miss Brown?"

"Certainly," said Miss Brown, politely.

The completed essay read as follows:

"She is my teacher. She has amber-colored hair and green beads. She is smart and she does not like you if you are not smart. She has nice manners and pretty clothes and is soft of speech when not mad."

WOMAN'S COZY CORNER

By JOSEPHINE FRANCE

Raspberries and Currants

Home-canned raspberries may be used in such a variety of ways and are so easily handled that the housewife should can a number of jars for winter use. Especially is this true where the wild berries can be secured, for wartime conditions makes it important that this splendid food product be saved. The same recipe may be used for wild or cultivated berries, either red or black.

The berries should be washed, hulled and carefully packed in the jars to avoid bruising. By striking the hand against the jar while packing, a full jar may be secured without bruising the fruit. Hot sirup, made in the proportion of one and one-fourth pounds of sugar to three quarts of water, should be added, rubbers and tops placed in position lightly, and the jars sterilized for sixteen minutes in a hot-water canner. Raspberries should never be sterilized at a higher temperature than boiling, or 212 degrees. Some housewives shrink the berries by pouring hot sirup over them and allowing them to stand for ten minutes before packing. The sirup should then be reheated quickly and poured into the jars.

Spiced Currants

Four pounds currants, two pounds brown sugar, two teaspoons cinnamon, two tablespoons cloves, 1 teaspoon salt, one cup vinegar. Remove stems and wash currants. Add remaining ingredients and boil twenty minutes. Keep in stone jars or glasses.

Jelly

Red or black raspberry jelly is easy to make. Equal parts of juice and sugar should be used and the jelly cooked until two drops form on the edge of a spoon held sidewise. Raspberry and apple juice, in the proportion of one-third raspberry and two-thirds apple, gives a jelly of strong raspberry flavor. One-third currant juice and two-thirds red raspberry juice form another delicious combination. In fact, raspberries may be combined with many different fruits in jelly making.

Raspberry Jam

Pick over six quarts of raspberries and weigh. Heat an equal weight of fine granulated sugar. Mash a few of the berries in the bottom of a preserving kettle, using a wooden potato masher, and so continue until all the fruit is used. Heat slowly to the boiling point and add the heated sugar. Again bring to the boiling point and let simmer thirty-eight minutes. Store in stone jars and keep in a dry, cool place.

Currant Jelly

Currants for jelly making should not not be over-ripe, or picked immediately after a rain. Pick over currants but do not remove stems. Wash and drain. Mash a few in the bottom of a preserving kettle, using a wooden potato masher—and so continue until berries are used. Bring slowly to the boiling point and let simmer until currants look white. Strain through a coarse strainer, then allow juice to drop through a double thickness of cheesecloth or jelly bag. Measure, bring to the boiling point and let boil five minutes. Add an equal measure of heated sugar, again bring to the boiling point and let boil three minutes. Skim and pour into glasses. Place in a sunny window and let stand twenty-four hours. Cover and keep in a cool, dry place.

STUDIO NEWS AND GOSSIP

Milton Sills, Stunt Man

Thomas H. Ince's latest picture has the title "Lucky Damage." Spectacular airplane stunts are features of the closing scenes. Milton Sills distinguishes himself for his nerve and daring in the picture.

King Baggott an Invalid

King Baggott, pioneer cinema actor, for years the most popular rascal on the silver sheet and now a Universal director, is recovering in Los Angeles from a severe illness caused by ptomaine poisoning.

HAMON'S DAUGHTER PLAYS IN CONCERT

CHICAGO, Aug. 13.—When Chicago's new Woman's Band gave its initial concert recently there were few persons in the audience who knew that the pretty little girl who gave an xylophone solo was Olivebelle Hamon, daughter of the late Jake L. Hamon, killed by Clara Hamon, whose act, subsequent flight, capture and trial were a national sensation.

Olivebelle, who is only eleven years old, is a musical prodigy. In addition to playing the xylophone, she is an accomplished violinist and snare drummer. She is the best of the twenty-five drummers in the band, according to the director.

Mrs. Hamon, widow of the late oil millionaire and national Republican committeeman from Oklahoma, is living in Chicago now for the sole purpose of educating her daughter in music. Olivebelle is studying the violin at the Chicago College of Music. She was in the woman's band, which numbers 200 pieces when that organization led the parade opening Chicago's Pageant of Progress.

Wasteful Youth

"What is your boy Josh doing in town?"

"Far as I know," replied Farmer Corntossel, "he's doing nothing but wastin' money."

"How is he wasting it?"

"Buying 2-cent stamps to write home for an extra allowance."

Pure American Descent

"I never tasted such good whisky any more."

"So did I either."

"Neither did I, too."

BURBANK IS HOST TO SCHOOL MARMS

SANTA ROSA, Calif., Aug. 13.—Charmed with the rare Southern type of beauty possessed by forty fair school mistresses from South Carolina and Virginia, Luther Burbank briefly ceased his work among his plants and flowers recently to greet the visitors from afar. The educators have been attending the Summer school at the University of California, and before coming to California had promised themselves a visit to Santa Rosa to see Burbank.

The wizard of agriculture conducted the party in person through his gardens and explained many things of interest concerning plant life to them, and what the "school ma'ams" did not ask was probably what they had forgotten. As a souvenir of their visit, Burbank presented each visitor with one of his flower creations, and the recipients carried it off with glee and a promise that by the pressing process the flower should be preserved for years. Some of the fair visitors pressed the flower to their lips as a compliment to the distinguished assistant to nature.

Consistent

"Can I have the five dollars I lent you?"

"You can have it next week."

"You told me that last week!"

"Yes; do you think I'm a man to say one thing one day and another the next?"

"Making It "Keep."

It is hard to tell in some countries whether liberty is preserved or canned.

BILLY JOHNSON STRONG CONTENDER

NEW YORK, Aug. 13.—Billy Johnston, veteran Californian net star and erstwhile national champion, looks like the best bet of the season among American tennis players.

Stringing along close to Johnston and showing form that recalls his brilliance in championship days, is R. Norris Williams, who was scheduled to clash with the Californian in the final at Seabright today. These two players, if the form they have shown in the big eastern invitation classics to date can be taken as a criterion, will be the kingpins of the American Davis cup team.

Artist (in desperation)—"That, sir, I consider the finest in my collection. You can have it for half the catalogue price."

The Visitor—"Bless my soul! You don't say so. By the way, what is the price of the catalogue?"

MICKIE SAYS

CHARLES SUGHROE

DOCTORS PUZZLED BY LOCKJAW CURE

COLUMBUS, O., Aug. 12.—Given up to die, a victim of the horrible and deadly tetanus, or lockjaw, Nina Helen, five-year-old daughter of Mr. and Mrs. Henry J. Arnold, of this city, has completely recovered, and her recovery is exciting comment in medical and faith healing circles.

Friends of Dr. G. R. Robbins, pastor of Memorial Baptist Church, who claims to have many remarkable cures by faith to his credit, assert the child recovered through his prayers at her bedside.

Her physician, while not willing to endorse the broad claims, admits he is surprised at her recovery. He had once given up her case as hopeless, but continued in attendance, and his prescribed treatment was carefully followed.

For several days the child suffered convulsions at intervals of about fifteen minutes. She could not lie down, but had to sit propped up in a chair to avoid stiffening out of her body.

After twelves days of paroxysms the child relaxed and her jaws unlocked. Boils, due to the infection of her blood, followed, but she has now completely recovered.

The physician frankly says that he is unable to explain her recovery.

"Whether it was the treatment of prayer, I am unable to say," he declared. "I am greatly astonished."

A committee of the medical association is making an investigation of the case with a view to a report to the general body.

A Gentleman Wanted

Mr. Bully was cross-examining a downtodden witness.

"Now, sir," he thundered, "you have stated under oath that this man had the appearance of a gentleman. Please tell the jury how a gentleman looks—in your estimation."

"Well—er—a gentleman looks like er—a—er—" stammered the poor, confused witness.

"I don't want any of your 'ers,' and remember you are on oath! Can you see anybody in the court who looks like a gentleman?"

The witness' eyes for the first time show anger, and he flared out:

"Stand out of the way and then perhaps I can. You're not transparent!"

An automobile is like a wife—the more you pay for it the harder it is to maintain.

SUNDAY CHURCH SERVICES

FIRST METHODIST CHURCH
Kenwood and Wilson
Clyde M. Crist, D. D., Pastor; Carl C. Seitter, A. B., Director of Religious Education; A. W. Tower, Superintendent of Church School.

9:30—Church School with classes for all; excellent instruction.

11:00—Preaching service. Sermon by Dr. W. H. Teeter, professor at the University of Southern California.

6:30—Epworth League.

7:45—Evening worship. Mr. H. A. R. Carleton will speak. Mr. Carleton is supervisor of the Goodwill Industries in Los Angeles.

Music—Morning: Anthem, "Hark, Hark, My Soul," (Shelley); solo, "My Task," (Ashford) Mrs. Harold Latter. Evening: Solo, (selected,) Miss Igrig: anthem, "Still, Still with Thee," (Foote); trio, "Over the Stars There is Rest" (Abt).

FIRST LUTHERAN CHURCH
Dr. H. C. Funk, Pastor
Corner Maryland and East Harvard

"The Worship of Jesus" will be the subject for the address by the pastor, at 11 a. m. The Bible School begins at 10 a. m. You are cordially invited to attend our services. Pastor's residence, 111 E. Harvard street. Phone Glen. 1322-J.

CENTRAL CHRISTIAN CHURCH
Clifford A. Cole, Minister
Corner Louise and Colorado Sts.

A special feature of the Sunday morning service will be a short address by Myrtle Wilson Stipp, enroute to the Philippines. Mrs. Stipp has been for years supported by the Endeavorers of Southern California and has just completed a furlough. She was an Orange County girl and has been spending the short time before sailing in the southland. At night, the pastor will preach on the topic, "Moral Surgery." Special music at both services.

Bible School at 9:30 a. m., and Young People's meetings at 6:30 p. m.

CHRISTIAN SCIENCE
Corner Maryland and California

First Church of Christ, Scientist. Services Sunday at 11 a. m. and 8 p. m. The lesson sermon is from the Christian Science Quarterly Bible Lessons. Subject, Sunday, August 14: "Soul." Also every Tuesday, Thursday and Saturday evening from 7 until 9.

CHRISTIAN ALLIANCE

Meeting every Tuesday and Thursday, 7:30 p. m. Gospel Tabernacle, 310 East Chestnut street, corner of Louise. Full Gospel—Jesus Christ—Savior, Sanctifier, Healer and Coming King.

HOLY FAMILY CATHOLIC
East Elk, near Adams Street

Mass at 7:30 a. m. Sunday school at 8:30 a. m. Mass at 9:30. Everybody welcome. James S. O'Neill, parish priest.

TROPICO PRESBYTERIAN
O. P. Rider, Pastor

The Rev. Dr. S. A. George will preach at the morning sermon. Subject: "The Church and Its Message." Sunday school at 9:45 a. m. No evening service except the C. E. at 6:45.

FIRCT CONGREGATIONAL
Wilson and Central Avenue
Rev. C. M. Calderwood, Pastor
Mrs. C. A. Parker, Musical Director

Church school, 9:45 a. m., O. E. Von Oven, superintendent. Morning service at 11 o'clock, sermon by John C. Derry. Anthem, "Lead Us, Oh Father,"by Wooler. Offertory, tenor and soprano duet, "Jesus the very Thought of Thee," (Brewer) Mr. Charles Comfort and Gladys Gibbs Sherman.

PRESBYTERIAN CHURCH
Church of the Lighted Cross
W. E. Edmonds, Pastor
Louis Tinning, Assistant Pastor

Morning worship, 11 o'clock. Sermon by the pastor. Topic, "Trimming the Light;" second in "Light" series. Sabbath school, 9:30. Men's Bible class meets at the city hall at the same hour.

Evening service, 7:45, (organ recital, 7:30). Sermon topic, "Queen Esther, Another Wayfarer." Visitors are always welcome.

Musical program for the day:

Morning — Prelude, "Sicitiano," (Hopkins); quartet, "Praises to Our King," (Porter), Miss Elizabeth Mottern, soprano; Mrs. Fannie Marple Retts, contralto; Lawrence Chandler, tenor; Harry Marple, baritone; offertory, "Interlude," (Chopin); soprano solo, "O, Lord, Rebuke Me Not," (Brown), Miss Elizabeth Mottern; postlude, "Grand Offertory," (Batiste).

Evening—Organ recital; (a) "Litany" (Schubert), (b) "Triumphal March" (Shelley), (c) "Venetian Song" (Nevin); duet, "Calvary" (Ackley), Miss Mottern and Mrs. Retts; baritone solo, "Rock of Ages" (Remick), Harry Marple; offertory, "Barcarolle" (Hauser); quartet, "In the Golden Hush of Evening (Lorenz); postlude, "Nocturne" (Spohr).

AUTOS COLLIDE ON BROADWAY

Both cars were damaged when the machines operated by John Pomatto of the Thorneycroft hospital and M. B. Kelly of Glendale, came together at the intersection of Glendale avenue and Broadway at 5:15 o'clock last night. Police records show that the forward end of Kelly's car struck the machine driven by Pomatto squarely on the side.

TO HUNT DEER

A group of employes of the Bentley-Schoeneman lumber company left last night for a deer hunt in the Santa Barbara mountains. The party included George Bentley, Park Arnold, J. H. Cline, Harry Walley and Fred Mattison, from Long Beach. They are expected home Monday morning.

VAN NUYS PLEDGES MONEY

The Van Nuys district is so vitally interested in the building of the Pacoima canyon dam to impound millions of gallons of water for irrigation purposes, that it has pledged $500,000 of the $1,500,000 needed for the construction of the dam, which will be 375 feet high.

TUESDAY CLUB TO MEET

A meeting of the directors of the Tuesday Afternoon club has been called for next Tuesday afternoon at 2:30 o'clock, with Mrs. Mabel Franklin Ocker, 246 North Orange street, to consider business matters of importance.

A magazine writer says retired office holders enjoy loafing in Washington. The enjoyment isn't limited to the retired ones.

Why bother about "the common people" when there isn't any other kind?

THREE INITIATED BY EASTERN STARS

The special feature of the evening's work at the meeting of Glen Eyrie Chapter, Order of Eastern Star, which took place Friday evening at Masonic Temple, were the initiations of Elsie A. McMullin and Dollie H. and Arthur C. Case. The two last named were initiated for Male Leaf Chapter, Omaha, where they had been "accepted" before coming to Glendale. They are now located here as permanent residents on North Isabel and will come into Glen Eyrie by transfer.

The Associated Grand Matron of the Grand Chapter, State of California, was present and received as a guest of honor. She is a member of Southgate Chapter, Los Angeles.

Another visitor warmly welcomed was Walter Nicholson, Worthy Patron of Lancaster Chapter. He is spending a vacation in Glendale as the guest of his parents, Mr. and Mrs. C. E. Nicholson, 427 East Acacia, and says he can remember our city when it had a population of only 600.

After the chapter closed refreshments were served and there was informal visiting and discussion of the outing which will be enjoyed today. It is a picnic to be held on the Island at Echo Park where members will assemble at 4:30. It is being given by the social club of the chapter of which Mrs. Mayme Pollock is president. Mrs. E. R. Naudain, Worthy Matron, heads the committee of arrangements, and dinner will be served at 5:30 p. m.

UNDECIDED ON MATERIAL

What was expected to be the final meeting of the building committee of the Central Christian church, was held last night. Final details as to the material to be used in the walls and some other matters, were to be attended to. Contrary to expectations, however, the matter was not definitely settled by the committee. A further meeting will be held Monday night with the official board, when final conclusions will be reached.

BOYS STEAL GRAPES

Mr. Edwards of 1600 Tenth street, reports that during the past few days a number of boys have been stealing his grapes, the trips of the boys to the vineyard taking place generally in the mornings. The police have been notified and are on the trail of the miscreants.

CHECKS NUISANCE ON CITY STREETS

Dr. J. E. Eckles, 125½ North Brand, health officer of the city of Glendale, is on the trail of the Los Angeles newspapers. The carriers for the various papers have been making a practice of throwing paper wrappers and old papers around the various corners at which their papers are delivered. These papers blow around the streets, thereby making them appear very unsightly, and causing the city unnecessary expense in having them gathered. Dr. Eckles addressed communications to these Los Angeles papers and the Record and Examiner have assured Dr. Eckles that something will be done at once in the matter. The response of the Los Angeles Record is as follows:

"We will send a representative to see you in a few days and will do everything possible to see that the Glendale streets are kept clean. We realize that you have reason for complaining when the newsboys allow the wrappers and old copies to remain in the streets. We will make every effort to force the Record newsboys to discontinue this practice."

A similar communication was received from the Examiner.

SUCCESSFUL CONCERN

A new business concern in Glendale that is making a wonderful success, is The Bread Box, located in Seelig's market. Mr. A. G. Ahrens, a member of the firm, just recently sold one of the largest bakeries in the city of Honolulu and came to Glendale, believing that that this city has great possibilities. In speaking of business today, Mr. Ahrens frankly admitted his satisfaction in locating in Glendale, and said that if any more people bought buttermilk bread he will be compelled to enlarge the plant.

SPOTLIGHT STOLEN

John Pomatto, of the Thornycroft hospital, reported to the Glendale police yesterday that a spotlight was taken from his machine while it was standing in front of the Glendale theatre, on Brand boulevard, Thursday night. No trace has been found of the missing article.

Did you ever hear of a beach censor's objecting to any man's bathing suit?

And a few years ago they told us war clouds were caused by reigning monarchs.

'BIG ADVENTURE' AT THE GLENDALE

A kid and a dog will be featured in "The Big Adventure," the Universal photodrama which is showing today at the Glendale Theater. For those who like kids and the dogs that go with them, it will be delightful entertainment.

Little "Breezy" Eason and his pup are featured.

"The Big Adventure" was filmed at Universal City from the James Edward Hungerford story, "Patches." It was directed by the young star's father, Reaves Eason. In addition to furnishing the little chap a stellar role, the story gives an important role to Gertrude Olmstead, the reigning beauty of Illinois, selected recently by the Elks as their convention queen and sent to Universal City for stardom.

Had a Purpose

"Good Lord, these ceilings are abominably low!"

"Yes, they are made that way for gentlemen who forget to take off their hats when they call."

If you waste your time on business details you won't have any to waste on gossip.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color, and looks glossy, soft and beautiful.

DRINKING IN LONDON

LONDON, Aug. 13.—Drunkenness showed an increase of 65 per cent in Britain during 1920, according to recently published statistics.

The decrease in the licensing hours of saloons and the inferior grade of the beer, strangely enough, is given as the chief reasons for this increase.

CIVILIAN RIFLE MATCHES BEGIN

Tryouts for the civilian rifle team to compete in the National rifle matches at Camp Perry in September will begin today at the Glendale State rifle range in Sycamore Canyon.

It is understood that eighteen selections will be made to comprise the state team. At the National Guard rifle elimination held in July at Oakland, two men attached to the Glendale Guards qualified on the state team.

MAJOR STORY MADE ORGANIZATION HEAD

Major Walter P. Story of Los Angeles was today appointed organization officer of the National Guard of the state succeeding Major E. E. Kirk, who is at present appearing before the court of inquiry in answer to a charge which alleges that he was involved in I. W. W. Affairs in 1912.

The office of organization officer takes jurisdiction over the formation of all state National Guard units. The appointment was made through J. J. Berree, adjutant general. It is rumored that Major Story is under consideration for appointment as colonel of the 160th Infantry of Los Angeles, to which the Glendale Company of National Guard is attached.

K. OF P.'S CONFER DEGREE

The Glendale Lodge, K. of P., met as usual on Tuesday evening and conferred the Esquire Rank in the presence of a large number of members and visitors, who expressed themselves as delighted with the rendition of the K. of P. ritual. Gratifying reports were made on the progress of the membership drive. All are enthusiastic over the prospects of a large membership in the near future. Sunday another outing will be held in Griffith Park. All Pythians are invited to bring their friends. All who desire an auto to call for them will phone S. E. Wright.

Long Distance Call

"Where is your friend, Scatterwits, going in such a hurry?"

"To attend a seance given by a noted spiritualist."

"He's crazy."

"I agree with you. He told me he had a date with Helen of Troy."

REVUE GIRL TELLS OF WAR OF SKIRTS

An unseen battle, almost a war, is raging in the world of fashion.

Once more woman has asserted herself.

And all because of a mere matter of—short skirts.

That was the opinion today of Miss Classie Marlowe, well-known in the manufacturer's and retail garment associations as an expert in directing ready-to-wear style revues, in addition to being one of the most talked of perfect models that ever posed for an artist or paraded before an audience, who was a visitor here, making preliminary arrangements for the style revue that will be presented by the Glendale Merchants during the Exposition August 27 to September 3, inclusive.

The rumbling of the near-war may only be heard by those like Miss Marlowe, whose ears are attuned to catch the faintest reverberations caused when the modern woman takes a stand on her predilections on matters of dress.

On the other hand, says Miss Marlowe, are those that set the fashions and on the other, are those who must wear those fashions.

The designers say that there must be a return to conservatism, that skirts must be longer.

The women, at least a very great many of them, say that they are through with long skirts forevermore.

We have had a taste of freedom from the trammels of long skirts," say most of the women, according to Miss Marlowe. "We have been emancipated. Let us be clothed in short skirts."

"There must be a change," say the designers. Fashion demands it. Skirts must be longer!"

"And so the merry controversy goes on.

"Luckily, from the smart shops, department stores that I have visited here in Glendale, the woman of today can buy just what she is looking for. I will demonstrate this fact during the exposition from the illuminated runway, which my models will promenade upon wearing garments from the up-to-date shops."

WESTERN PAINT CO. ENTERS GLENDALE

The local agency of the Western Wholesale Paint Company, 710 East Broadway, has been taken over by L. J. Wood and Cay H. Gibbs, who will continue the business without interruption. Mr. Wood is from Los Angeles while Mr. Gibbs is a newcomer from Pasadena. He is a brother of Judge Gibbs.

SIGNS OF HER SEASON
By Minna Irving

When fascinating Betty to
The country goes away,
She takes a skirt of khaki cloth,
High boots and sweater gay.
Bar Harbor means a yachting-suit,
Brass-buttoned, blue and white,
And canvas cap with saucy peak
And golden anchor bright.
When Saratoga is her choice
She checks a ton or so
Of trunks that literally with frocks
And fripperies overflow.
But if at Newport she intends
To show her loveliness,
She merely packs a jaunty cap
And satin bathing-dress.

Efficient to the End

"Yes," said the traveler, "my wife's mother was an admirable housekeeper. Poor soul, she was eaten by cannibals in Africa."

"You don't mean it?"

"Alas, it's true! Why, when the savages had thrust her into the cauldron and she was beginning to cook, she cried out faintly with her last breath: 'Don't forget the salt and pepper'!"

SIDELIGHTS ON ALL COAST SPORTS

In view of the successes we have enjoyed along other lines of international competition; we need have no heart-burns over the fact that our English friends won the series of races in which we competed against them with our six-meter yachts. Of course we'll probably look into our boats and see what was the matter with them, in order not to let the thing happen again.

It is to be hoped the match announced between Johnny Wilson and Downey to be held at Jersey City over 12 rounds is not the usual line of cheap publicity getting. According to the report Wilson is to get 35 per cent of the gate receipts and Downey 20 per cent, which would indicate that the referee's decision and not that of the boxing commission holds the greater respect. The public at large has been in a quandary as to which was officially the champion, although it has a decidedly well formed impression that Mr. Wilson got a bad beating. When technicalities enter into sports it makes champions out of dubs, and perfectly honest men out of shady ball players. It's a great thing.

Let's settle down now for a jamboree of tennis. A lot of mighty high class court play is going to be crowded into the next month or six weeks. Golf has had its inning and it will be interesting to see which receives the greater attention. There's a quarrel on between the adherents of the two pastimes as to which is the faster growing in popularity.

One sports writer has our unqualified admiration. He says Babe Ruth will make 63 home-runs this year. The only proviso he makes is that he maintains the pace he has been setting up to the present time. Just why he attached that string we can't guess. It would have been just as good to let it go at plain 63. Personally, we think this prophet is a bit too optimistic.

Jack Dempsey now states that he has not intention of fighting the negro, Jack Johnson, thus inferring he has drawn the color line. As far as Johnson is concerned we are of the opinion that the public has more to say in the matter than the champion. Just why this talk of Johnson, anyhow? He is about 45 years old, or not far from it, which, from an athletic point of view, is an old man. To continue suggesting the negro as a possible contender is simply playing into his hands. No man ever was more of a notoriety-seeker.

It is taking the best of the high ranking women tennis players of the country to eliminate little 15-year-old Helen Wills of California. The little Berkeley wonder has more than maintained her reputation thus far. Nothing better indicates the wonderful game she is playing than the score of her match against that veteran player, Miss Eleanor Goss, of New York, which went 6-2, 4-6, 6-2.

'LESSONS IN LOVE' STILL AT PALACE

Constance Talmadge, as full of fun and pep as ever, is the very popular attraction again today at the Palace Grand Theatre. Her vehicle is "Lessons in Love," a corking good comedy drama, adapted from Douglas Murray's stage play, "The Man From Toronto."

"Lessons in Love" opened its engagement last night at the Palace Grand Theatre to capacity crowds.

Others in the cast of this excellent comedy are such well known screen artists as George Fawcett, Flora Finch, Florence Short, James Harrison, Frank Webster and Louise Lee.

"The Skipper's Flirtation" furnishes the funny part of the program. It is one of a series of Toonerville comedies. Most persons are familiar with the Skipper through newspaper cartoons but this will be an opportunity to learn the inside of his career.

SANTA FE TRAIL REPAIRED

Good news for motorists is found in the announcement made by the Automobile Club Touring Bureau that "bog" and "chuckholes" on the Santa Fe Trail will be attended to so that the route will be in better condition in the future.

This action along the road which leads directly into Southern California was decided upon at a highway conference held in Santa Fe, New Mexico, recently. Work in the smoothing of the route is to begin at once.

SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat Which Clogs Kidneys, Then the Back Hurts

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Crematory
"Among the Hills"
Junction Glendale avenue and San Fernando Road

Glendale Chapter of the American Red Cross is planning an intensive campaign for used clothes for shipment to needy persons in Central and Eastern Europe. This phase of the foreign production program is being conducted in cooperation with the American Friends Service Committee.

Nation-wide appeal for contributions of used clothing is being made through The Saturday Evening Post, The Ladies Home Journal, and the Country Gentleman, in which prospective donors are instructed to get in touch with the nearest Red Cross representative or Chapter.

The call is for all kinds of warm and serviceable clothing in good condition, or for materials out of which to make garments. The local Chapter will receive contributions during August, and every interested citizen in Glendale is urged to remember that some garment he can do without may be just THE garment that will save the life of some suffering child. Garments for all ages are badly needed. They should be clean and in good repair.

Distribution is made in Czecho-Slovakia, Austria, Hungary, Poland, the Balkan and Baltic States, by the American Red Cross, through its Child Welfare Units, and other distribution machinery, and in Poland, Austria, Germany and Russia, by the American Friends Service Committee. Working in close cooperation in the countries in which both organizations are active, their representatives are careful to avoid duplication of effort.

Clothing may be left at the fire stations on East Broadway and Los Feliz road, and also at 347 North Brand Boulevard.

MRS. H. E. BARTLETT,
Chairman.

HISTORY OF THE BOY SCOUTS

How Movement Began

By General Sir R. Baden-Powell

(I have been asked to set down the original genesis of the movement, so I hope the recurrent ego in the following paragraphs will be forgiven.—R. B.-P.)

(Continued from yesterday)

(To be continued.)

Watch that lad going down the street. His eyes are looking far out. Is his vision across the prairie or over the gray-backed sea? At any rate, it isn't here. Don't I know it? Have you never seen buffaloes roaming in Kensington Gardens past that very spot where Gil Blas met the robbers behind the trees? And can't you see the smoke from the Sioux lodges under the shadow of Albert Memorial? I have seen them there these fifty years. Through scouting, the boy has now the chance to deck himself in a frontier kit as one of the great brotherhood of backwoodsmen. He can track and follow signs, he can signal, he can light his fire and build his shack and cook his grub. He can turn his hand to so many things in pioneer and campcraft. His unit is a band of six, commanded by their own boy leader. Here's the natural gang for the boy, whether for good or for mischief. Here's responsibility and self-discipline for the individual. Here esprit de corps for the honor of the patrol, as strong as any house spirit in a public school.

For the outsider's eye the Scout's staves are so many broomsticks, but to the Scout they are different. His staff, decorated with his own particular totem and signs, is typical; like his staff, among a mass he is an individual having his own traits, his own character and his own potentialities. He may be one of a herd, but he has his own entity. He gets to know the joy of life through the out-of-doors. Then there is the spiritual side. Through sips of Nature lore, imbibed in woodland "hikes," the puny soul grows up and looks around. The outdoos is par excellence the school for observation, and for realizing the wonders of a wondrous universe.

TRAINING FOR DAILY LIFE

The world's ingredients have been thrown into the melting pot of war, material, spiritual, commercial, political, financial, humanistic, and what is going to come out of it when the process is over—who can tell? If the resultant amalgam is to be a dud, then the war will have been a tragedy indeed; the sacrifice of our men, the best blood of our race and our treasure will have been wasted. On the other hand, the fusion of the great nations is a common, lofty ideal. Coupled with the purging out of the dross, it may, if properly handled and treated, produce a true metal for carrying out the work of the world on a nobler scale than heretofore.

It is our object in the Scout movement to train our future men to be level-headed and British, to give fair play to all, to be unselfish in themselves, manly and responsible beings. Our aims have commended themselves to the Labor leaders. Most of the present boys will have some voice in the government of the country before long, and without touching on politics, we are preparing them for it by giving them elementary self-government. Can you imagine some four or five hundred boys collected in conference without more than one grown-up among them—and he taking a back seat? "Jolly old bear garden," you would surmise. So did I the first time, but I have been to over a dozen such conferences of patrol leaders and have come away more impressed every time. The high level of subjects, the earnestness and decorum of the audience, the effective self-expression of the speakers, and the fairness and judgment displayed in voting, all speak to a very valuable school for civic duties.

The educational possibilities of Scouting were first recognized by Miss Mason, founder of the celebrated Ambleside Training College. Her practical adaptation of my training of Soldier Scouts for inculcating observation and deduction in the education of her future teachers, gave me the first suggestion and hope that a further adaptation might make it of value to young people. Then, when the girls caught the scouting fever from their brothers, and started troops among themselves, I realized that the same principles that form young citizens might not only form citizenesses, but also would give to the future mothers of the race some practical suggestions for the character-training of their sons, that would be all to the good in the generations to come. Hence came Girl Guiding.

The Right Hon. H. A. L. Fisher, minister for education, in addressing a meeting recently of the Scout association among the under-graduates at Oxford, enlarged on the educational value of the movement in its spiritual and intellectual tendencies, as well as its moral and physical qualities. Further, he said that, in the view of M. Anatole France, the future of civilization depended upon the question as to whether the continent of America would successfully resist the barbarism which follows upon the development of industrial life. If we are successfully to conquer this barbarism, we must attack it with every weapon at our disposal. We must attack it through our regular school system and through all our voluntary organizations, and among the latter there is none which achieved so much in the past, and which has the promise of achieving so much in the future, as the great and happy experiment of Scouting, for boys.

We can go on, therefore, and do a work which may have a high value for our race and for humanity, if we can only get the necessary help. Legacies and subscriptions are valuable for our extension, but much as we want money, we also want men.

The mass of boys are anxious to learn scouting. We are turning them away every day for the sole and simple reason that we have not enough men to take them in hand. We want scout-masters, and we want men of standing and experience for commissioners, we want experts or hobby men for instructors and examiners, we want men to serve on our committees, and women to train Wolf Cubs and to act as instructors, examiners and secretaries. Here is a heaven-sent opportunity for every man and many a woman who are anxious for the country's good, to take up a jolly work in a happy brotherhood, and work that can bring the biggest return that any man could wish for in this world.

"All Clear" has sounded a signal that the war is over, and that to all of us relief has come from the strain and work of war. But those who have done their bit will not be now content to lapse back into complete idleness. For them, "All Clear" has another reading—it means "the way is open" to further successful effort for one's country. There is no better and no more important work at this moment than that of ensuring an improved citizenhood in our incoming generation. Whoever you are, whatever you may be, it is in your power to help us. The need is great, the possibilities are greater. Will you not come and lend us a hand? The way is all clear.

When England and Ireland finally make peace, some poor committee will have an awful time making a list of the atrocities.

Idealists are always surprised when the end of a war finds the world equipped with the same old amount of human nature.

MARTHA MALICIA'S FOLLOWERS MAKE GOOD PROFITS

Do you make it a point to follow Martha Malicia's shopping notes in The Daily Press, as they appear every other day? If you don't you are missing much information that is well worth-while. This applies to both men and women.

Everyone is interested in the Merchants' Exposition to be held here from August 27 to September 3. It will be a wonderful opportunity to inspect every variety of thing used in the home and in business. Each merchant who is putting on an exhibit is aiming to display goods that will interest you.

Martha Malicia is about town every day and is already acquainted with the character of the various exhibits that will appear at the Merchants' Exposition. By following her columns it will be possible to get advance tips as to what you may expect to see there.

Most of the local stores dealing in clothing for both men and women, are getting in fall materials. Women's clothing stores have already placed orders for the coming season's millinery and dresses. Automobile dealers are getting in new stocks of cars, and realty agents have many desirable homes for sale.

You may learn of all these things through Martha Malicia's columns.

ODD NEWS

MASONS TO TAKE VACATION

The officers and members of Unity Masonic Lodge will take their usual vacation in August.

HAVE TONSILS REMOVED

Mrs. Garnette Peters and Mr. Fisher, both of Glendale, were operated on at the Glendale sanitarium yesterday for the removal of tonsils. Latest reports show that both patients are doing nicely.

MRS. MARANVILLE RECOVERING

Mrs. W. B. Maranville, of Montrose, was operated on at the Glendale sanitarium Thursday night for acute apendicitis. Dr. J. E. Eckles, 125½ North Brand boulevard, who is attending Mrs. Maranville, reported this morning that she is getting along nicely.

SMALL FIRE ON WEST DRYDEN

The Glendale fire department was called out at 6 o'clock last night in answer to an alarm from the 400 block on West Dryden street. The fire proved to be at the home of John Tronowskey. A quantity of lumber was burned by the conflagration.

PROPOSE RUBBER FACTORY

Incorporation of a two million-dollar rubber manufacturing company is proposed by C. E. Calm, and W. B. Wightman of Los Angeles and J. B. Treadwell and Owen C. Emery, in articles of incorporation filed under the title of the Pacific Tire and Rubber company, with shares at $10 par value.

Five thousand shares will be offered for sale. The plant would be located in Glendale, it is said.

Daily Press Classified Ads have great selling power. Try them out and be convinced.

ARGENTINE ANTS ARE A MENACE IN THIS COMMUNITY

John B. Marleau, Horticultural Inspector, Says They Are Infesting County

According to John B. Marleau, horticultural inspector, Glendale had better watch out or the Argentine ants will get her. They are increasing at a tremendous rate, he says, and the bad feature is that they kill off the small ants that have been depended upon to control mealy bug, black aphis, and other serious pests. In this way they protect predatory insect life hard to eradicate. His advice is: "Get rid of your Argentine ants and then you can go after the aphis and mealy bugs with some prospect of ridding your grounds of them."

Ant poisons already bottled and sold in the trade are very expensive but they can be manufactured cheapuy, according to government formulas, which Mr. Marleau has. They must be handled in such a way that animals and birds cannot get access to them. A can perforated sufficienly to give the ants free access, but with a tight cover, can be hung in a tree or established in runs, and a large number will be destroyed.

Mr. Marleau says that the State Insectory at Whittier is breeding and introducing a mealy bug parasite. He also says there is a new parasite for the black scale, some of which have been liberated in the Riverdale Drive district. He expects to see results of their work within a few months. Mr. Marleau has been ill for a week or two, but is getting better and when he returns to his work plans to visit Whittier and get a few more colonies to distribute.

Two other parasites of the black scale are already colonized here and he hopes the third will finish the job and rid our citrus orchards, pepper trees, oleanders and other trees and shrubs on which the scale feeds of this odious and profit destroying pest.

BLOOR MACHINE INJURED

An automobile driven by James B. Bloor, 318 West Broadway, was struck and considerably damaged, yesterday afternoon, by a machine that was being operated by F. V. Philips of Pasadena. Bloor claimed that Philips was backing from the curb in such a way as to make the accident unavoidable. The Bloor car sustained a broken spoke and hub, bent fender and a broken bumper. The damage done to the Philips car was slight.

DAUGHTERS ATTAIN PROMINENCE IN VETS' CAMP

The outstanding feature of the Southern California Veterans' Association encampment just closed at Santa Monica Canyon, was the prominence attained by the daughters of the veterans.

Fully a third of the entertainment features were put on by tents of Los Angeles and were of a highly pleasing character. The daughters of the veterans in recent years have been steadily gaining in number and prominence and now occupy an enviable position among patriotic societies.

Representatives from the local, Mary Jane Gillette tent, number 18, who attended the encampment include the president, Cora Jones; the chaplain, Susie Peck; patriotic instructor, Mae Burlingham; council, Amie Miller, Mrs. Jennie Phillips, Mrs. Alma Hillyard and Mrs. Daphne Lyons.

MOORES TO CELEBRATE

Mr. and Mrs. Clem Moore, 360 West California street, accompanied by their little daughter, Blossom Moore, will celebrate their twentieth wedding anniversary tomorrow, with a dinner at the Hotel Ambassador.

Mrs. Moore is a Bostonian and Mr. Moore is a West Virginian. They met and were married in Toledo, O., where ten years of their married life were spent. Then they came to Glendale and have never regretted the move. Mr. Moore is one of the recognized boosters of our city, but Mrs. Moore is no less enthusiastic and has never cared to return to Boston, even for a visit.

Monday evening, Mr. Moore will begin a two weeks' vacation. He will first go to San Diego and from there to Soboba Hot Springs, which he says is the finest place to rest he knows anything about.

ORGANIZE ORCHESTRA

As a sample of the enterprise of the Artistic Brunswick shop, 126 South Brand boulevard, it has arranged for the organization of an orchestra of five pieces, to be conducted by Kenneth Whaley. These musicians will prepare to furnish music for any occasion, dances, receptions, concerts, etc. Its first engagement is for the dance to be given by the Glendale Elks on August 27.

The Brunswick shop is to act as the booking agent on condition that the organization be known as the Brunswick Shop Orchestra.

WHAT YOUR NEIGHBORS ARE DOING

J. W. M. Burton of Burton & Chandler, and Mrs. Burton, left this morning for a camp outing at the beach.

* * *

Mrs. Louis A. Hart and children, 501 North Louise, are spending a week at Redondo Beach.

* * *

Mr. and Mrs. J. H. Roberson, 514 Raleigh street, are leaving today for a month at Coronado Beach.

* * *

Mrs. Thomas Hull of 328 West Colorado, spent a few days recently with her daughter, Mrs. Minnie Baker in Los Angeles.

* * *

Mr. and Mrs. C. L. Jenkins, 210 Fairview, celebrated their seventh wedding anniversary Thursday night with a family dinner.

* * *

Miss Virginia Rowley, 334 West Vine street, is visiting with cousins near Anaheim. She will be away on her vacation for a week.

* * *

Miss Julia Goodsill, 125 West Palmer, went to Pasadena yesterday to visit her brother, Prof. Joy Goodsill, one of the instructors in Polytechnic High.

* * *

Art Glade, 219 West Lomita, arrived at home yesterday from a stay of several weeks in Omaha and Grand Island, Neb., where he has large milling interests.

* * *

Mr. and Mrs. Charles Kausen and children, 423 West Patterson avenue, motored to Balboa Beach to spend Sunday and reports a wonderfully good time.

* * *

Mrs. A. E. Shinner is enjoying a fortnight's vacation from her work in the Irish Linen store. She and her son William have just returned from a week at Catalina.

* * *

Jack Jenkins is to have a vacation from his work at the Brunswick Shop, August 21, and will spend a week with his mother in a cabin they own in Little Santa Anita Canyon.

* * *

Mrs. William Gregg, 319 West Wilson, leaves Monday for a two months' trip in the east, during which she will visit relatives in Washington, Philadelphia, New York and Boston.

* * *

J. P. Bloom of Weatherford, Tex., spent two days this week in Glendale as the guest of L. A. Hart, 501 North Louise. He owns a home in San Diego which he is now endeavoring to sell so that he can invest the proceeds in Glendale.

* * *

Mrs. Frederick Field and her daughter, Miss Bessie Field, are moving from 239 North Kenwood to their own home, just completed, at 538 North Louise. They have but just returned from San Diego and brought with them their old friend, Mrs. S. J. Preston, who will be their guest this week.

* * *

Mrs. V. G. Godfrey and children, 130 North Adams, will go to Redondo Beach, Monday, to stay till school opens.

* * *

Mr. and Mrs. I. H. Fallis and children, 122 North Adams, will spend a week at Huntington Beach, camping and fishing.

* * *

Howard Van Loon, 125 North Adams, is celebrating his 9th birthday today by entertaining the boys of the neighborhood with games and good things to eat.

* * *

Mr. and Mrs. E. V. Bacon and daughter, Winifred, and baby, Alice, 1335 South San Fernando road, leave tomorrow for a two weeks outing at Hermosa Beach.

* * *

Theodore F. Peirce, wife and little daughter, Patricia, 317 Vine street, who returned last Wednesday from an eight weeks' visit in the east, go to Manhattan Beach today to remain for a month.

* * *

Frank Spong, wife and daughter, Mercedes, 114 East Garfield, accompanied by Mr. and Mrs. J. C. Baker and daughter, Gertrude, will take an all-day auto trip tomorrow and will visit Riverside, Redlands and other cities in that vicinity.

* * *

Rev. E. O. Thayer, pastor of the Casa Verdugo M. E. Church, being absent on his vacation, his pulpit will be occupied tomorrow morning by Rev. C. P. Norton. In the evening a Mr. Andrews will give a talk on the Volunteers of America.

* * *

Dr. and Mrs. O. G. Furst, of Los Angeles, who have been enjoying a two months' visit in the middle west, are expected home Monday, and they will spend a few days with Mr. and Mrs. T. Furst, 505 North aJckson, before settling down in their own home.

* * *

A group of Glendale girls who are to be students at Occidental college the coming year, are being entertained this afternoon by Miss Ruth Fowler at her home, 1717 Fair Oaks street, South Pasadena. Misses Helen Ingledue, Agnes Brown and Louise Wimmer will be in the party.

* * *

Mr. and Mrs. G. Norman Ball, 516 North Central avenue, and Mr. and Mrs. M. B. Dewar, 337 Oak street, are enjoying a picnic at Santa Monica today. Next week, the Balls will go for a longer stay as the guests of Mrs. Searcy, mother of Mrs. Ball, whose home is in Santa Monica.

* * *

Professor E. D. Soper, who has been making his headquarters in Glendale with his father, Rev. Julius Soper, for a few weeks, while doing educational work in universities, left for Tacoma, Wash., last night, to teach for ten days in a summer school at the university there. His family will remain here during his absence.

* * *

Mrs. G. H. Rowe, 216 South Orange street, is leaving Monday for San Francisco, where she will attend the National W. C. T. U. convention and visit her son and daughter-in-law, Mr. and Mrs. Lawrence Rowe. During her absence Mr. and Mrs. Robert Frey, of Dallas, Tex., will be guests of her husband and daughter, Miss Nellie.

* * *

Miss Isabel Tisdale, daughter of Mrs. Gertrude Tisdale, 336 West Acacia, who was taken to the Methodist hospital in Los Angeles several weeks ago because of intestinal trouble, is still there but is now able to be up. Her friends hope she will be well enough to return to her home next Sunday. She has been much missed at the headquarters of the Glendale Chamber of Commerce.

* * *

J. A. McCaughna, who has been living at 634 North Orange street, has returned from Detroit, where he went to close out interests that he might be free to make his permanent home here. He says the depression is passing there, that the Ford, Dodge and Buick plants are taking on more men and the business outlook is much brighter.

* * *

Miss Eva Daniels, 324 West Colorado, and Mrs. Ella Richardson, 317 North Brand, attended a meeting of the needlework committee of the San Fernando Valley Fair, at the home of Mrs. Charles Steere, in Van Nuys, yesterday. They are the Glendale members of this committee. Plans were discussed for making this branch of the fair's activities successful.

* * *

Mrs. Henry Weger, 1322 Ethel street, had a short visit recently from two old friends from Goshen, Ind., Misses Elizabeth and Louise Dudgale, who are the guests of Mrs. Hugo Oltsch, 342 West Cerritos avenue. Mr. and Mrs. Oltsch are newcomers to Glendale, until recently living in Los Angeles. The Misses Dudgale are delighted with this city and would like very much to locate here. Miss Elizabeth, who is a teacher in the Goshen high school, will return in time for the fall opening of that school, but her sister may decide to remain for the winter.

* * *

Mrs. Roy Lovell, who has been visiting Mr. and Mrs. J. M. LoLvell, 505 North Maryland avenue, left today for her home in Corcoran.

* * *

Levi C. Yeoman, 113 North Orange street, went to Anaheim today. Mr. Yeoman was accompanied by Samuel Dick, 309 North Louise street.

* * *

Fred W. Pigg and wife, Tom Furst and wife and baby, in company with Fred Thompson and wife, of Los Angeles, went on a fishing trip to the San Fernando reservoir Thursday afternoon, and came home with a lot of fine black bass, which they distributed among the neighbors.

* * *

Miss Grace Crampton, 325 Burchett street, who has been enjoying an outing on Catalina island, for the last two weeks, will return home tomorrow, accompanied by the Crampton's house guest, Miss Faye Gould, of Kansas City, Mo., who went over this morning for the week-end. During the past week Miss Grace has been entertained by Mrs. Kate C. Williams and daughter, Dorothy, of Glendale, in their summer cottage on Catalina.

* * *

Mr. and Mrs. H. J. Horn, 107½ East Chestnut street, are looking forward to the arrival of their daughter and son-inlaw, Mr. and Mrs. L. S. Stockman, and daughters, Thelma and Marjorie, of Indianapolis, Ind. Mrs. Stockman and daughter, Thelma, spent six months with Mr. and Mrs. Horn in 1915, and will be remembered by many acquaintances they made while here. Miss Thelma graduated last June from the Shortridge high school of Indianapolis. She was an honor roll pupil and a member of the Therapon club, also an assistant teacher in the art department of the school. Last winter she won first prize in both the Floral Telegraph and National Guard poster contests, and exhibited work in toy making and jewelry smithing at Indianapolis, Chicago and New York city. Miss Stockman expects to continue her art studies in California, specializing in book illustrations and costume designing. The Stockmans expect to make Glendale their future home.

HERE IN GLENDALE

There were a number of moves in Glendale yesterday, showing that the people of Glendale are stirring. The transfers made, as shown by the records of the public service department, were:—

Mrs. S. H. Moir, from 343 El Bonita to 614 West Kenwood; H. V. Andrews from 614 North Kenwood to 343 El Bonita; Mrs. J. A. Olds from 742 East Windsor No. 4; Mrs. Currell from 1200 South Central to 208 West Cypress; Mrs. Poore from 531 North Louise; J. H. Crane from 1412½ South San Fernando road to 953-B Seneca, Los Angeles; James Wilson from 680 West Broadway to Sacramento; J. W. Everington to 531 North Louise; W. G. Mullen to 403 North Louise; J. A. McCaughna to 420 Raleigh; G. Sato to 535 West Park; H. N. Way to 301 North Brand; Robert Ansley to 508 Burchett; Leslie L. Jennings to 1428 South Glendale; Frank E. Cushing to 423 West Vine; T. L. Midd to 613 Palmer.

Lighting meters were installed for N. J. Scott at 541 North Kenwood; Mr. Knesell at 543 North Louise; N. J. Scott at 545 North Louise; G. H. Emery at 432 West Myrtle.

MRS. H. V. BROWN ENTERTAINS

Mrs. Harold Latter was the guest of Mrs. H. V. Brown of North Orange street at a mother-and-daughter luncheon on Friday. A yellow color scheme dominated the flowers and special appointments of the pretty table, where covers were laid for Mrs. Harold Latter and her mother, Mrs. C. D. Lusby; Mrs. Charles Ingledue and daughter, Doris Ingledue; Mrs. E. U. Emery and daughter Waunita Emery; Mrs. Chas. Seitter, Mrs. W. D. Elliott, mother of the hostess, who has recently moved to Glendale, and Mrs. Brown and daughter, Agnes.

The guests spent a pleasant social afternoon over their needlework.

Graduate Nurses Are Addressed by Rev. Warren

(Continued from page 1)

do not even except the physician. I believe that the work of the nurse is more important that the work of either the physician or the minister or any layman. The true nurses comes into contact with the needy sick of the world, not just once a day, but practically 24 hours in the day. It comes nearest the work of the Master than of any work I know, and I would rather see my daughter a consecrated nurse than filling any other position on earth."

Tomorrow, the graduating exercises will take place, when all the nurses in the Glendale sanitarium, to the number of 100, will be present.

'TREAT 'EM ROUGH,' SAY ALPHAS, AND GO FOR COLES

The Alpha Omega's entertainment of the Live Cole class of the Central Christian Church last night was featured by many stunts.

Coles Are Warmed

When the Live Coles entered the room they were greeted with the sight of large card signs bearing such inscriptions as "Welcome to the Dying Embers." The Alphas had promised to "treat 'em rough," and proceeded to carry out the promise by putting on some exceedingly lively games that called forth all the activity they possessed. Miss Evangeline Quackenbush, president of the Alphas, welcomed the guests with the following effusion:

You've boasted much of what you've done,
Of the Alphas you have sure made some fun;
You were the victors in our last contest,
And wear the plumes upon your crest.

Our class is young but full of vim,
And the feathers from those plumes we'll surely trim;
When we have finally got through with you
All Live Coles will feel quite blue..

In the windup of the next event
The Live Coles will feel like a copper cent.
Your challenge was timely, for you needed to work—
We kept you busy, gave you no time to shirk.

You were shambling alone in a somnolent way,
Trusting to luck each blessed Lord's day;
At last you awoke from your half-asleep trance
To find yourselves facing the Alphas' sharp lance.

We gave you an inspiration that you surely did need,
We'll see in the future that you keep up the speed.
That you were the least bit alive, we had no doubt—
So the Alphas kept spurring till they brought that little bit out.

Your success in this contest to the Alphas is due
For their sharp spurring made you pull through;
We are a zealous class, on us you may depend,
From Alpha the beginning to Omega the end.

Rough Stuff Begins

Carrying out the "treat 'em rough" idea the hostess spread newspapers on the floor for a tablecloth and when all were seated in that lowly position served rich, luscious watermelon, of which all partook most heartily.

Those present from the Alpha-Omega class were Misses Evangeline Quackenbush, Mary Morrow, Helen Bulette, Margaret Overton, Kotherine and Amelia Weisling, Guila Darling, Eva Dowdle, Lois Mock, Nell Liggett, Rosalie Gilliland and Yvonne Hill, with their teacher, Mrs. M. G. Musser; Messrs. and Mesdames Moore, Carlock, Forrest Cole, Adin Gibbs, C. C. Green, Homer B. Miller, Verdugo and Ream, also Mrs. Gorman, Mrs. Harry Marple, Clifford A. Cole, teacher of the Live Cole class, and his wife.

NEW BRAND BLOCK READY OCTOBER 1 FOR TENANTS

Ground will be broken next week for the erection of a new business block to accommodate three stores at the corner of South Brand boulevard and Elk street.

S. Berman, proprietor of the merchant tailor's store, 122 North Brand boulevard, who is building the block, announced this morning that it would be ready for occupancy October 1. He will move his business into one of the new stores and is planning to equip it in the most up-to-date manner of tailoring parlors.

The building, which will be of brick, will be one story high, but will be constructed so that it will be possible to add another story at a later date.

BIG WATERMELON

In the window of the Hart Realty company, Thursday, was a pile of "long green" that wasn't counterfeit. It was a watermelon, said to weigh 67 pounds, which L. A. Hart had received from his brother, D. M. Hart, of Weatherford, Parker county, Tex. It completely filled the banana crate in which it was shipped.

"That's really not a big melon for Parker county (the banner melon county of Texas)," L. A. Hart boasted. "The express company would probably refuse to handle a truly big one because it would take up too much room in the car."

All of which shows that, booster though he is for Los Angeles county, this "Hart" is true to "Paul" and to his first love, Texas.

WELCOME GAS MAINS

Residents of the Grand View district are rejoicing these days on account of the gas mains being laid at last, to provide them with fuel.

One Born Every Fourth Minute

A LADY with a family of three children didn't want any more because she had heard that every fourth child born in the world was a Chinaman.

As ludicrous, perhaps, as an old misconception some skeptical folks used to have about advertising.

There was a time when some advertisements had to be taken with a grain of salt. A few misguided advertisers thought they could sell their goods better by misrepresenting them. Those advertisers have long since gone out of business or mended their ways. Hard experience taught that untruthful advertising didn't pay.

Other advertisers proved that the only way to advertise successfully, make regular customers, and build up good will was to TELL THE ABSOLUTE TRUTH about their goods in their advertisements. You can depend on the merchant or manufacturer who advertises. The concern that tells you frankly what it is doing is a good concern with which to do business. The store that advertises is a progressive store that has something really worth while to say to you. And companies that advertise their products or their service have confidence in them. You can safely share their confidence.

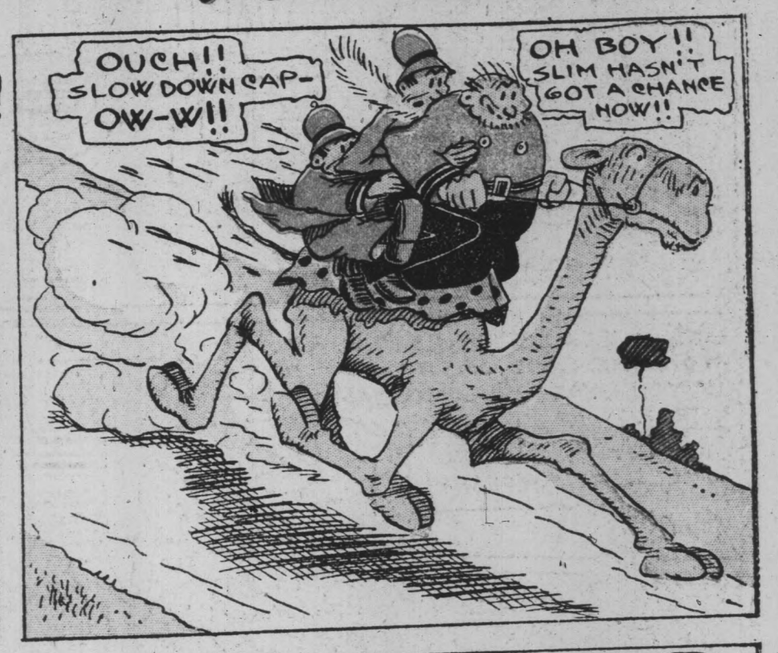
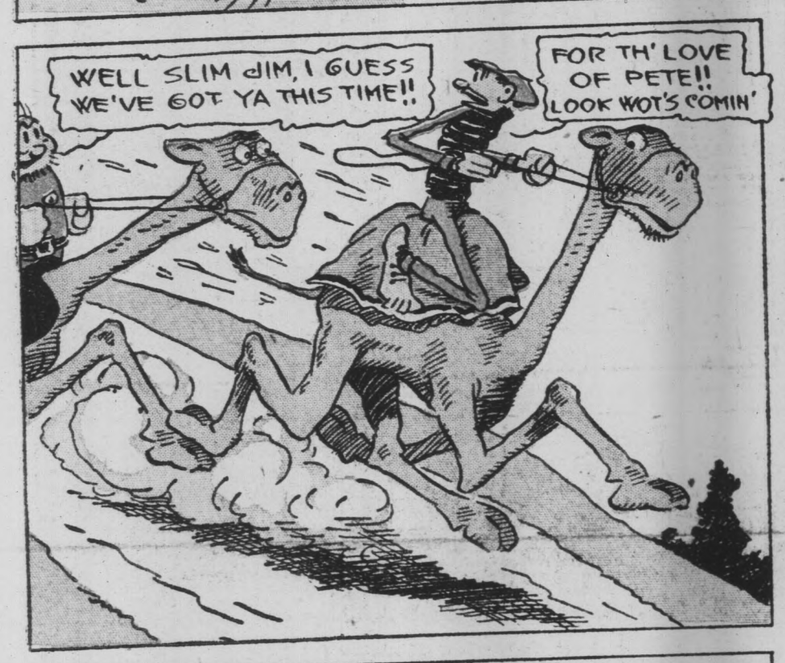
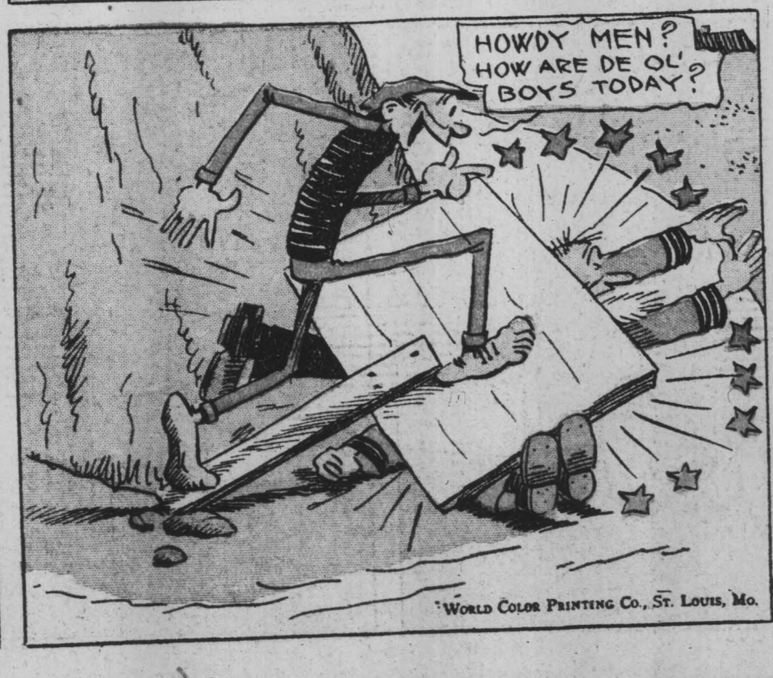
SLY SAYINGS BY SLIM JIM

SLIM JIM AND THE FORCE







WORLD COLOR PRINTING CO., ST. LOUIS, MO.

ALWAYS KICKIN',
THE OLE MULE —
MY HUSBAND IS THE MOST DISSATISFIED MAN ON EARTH.
IS THAT SO?
IF I MAKE HIM LAMB CHOPS FOR SUPPER HE WANTS BACON —
AND IF I MAKE HIM BACON HE WANTS LAMB CHOPS —
WHY DONT YOU WAIT UNTIL HE GETS HOME AND FIND OUT WHAT HE WANTS?
I DID THAT ONCE.
WHAT DID HE DO?
HE KICKED BECAUSE SUPPER WASN'T READY.

JINGLING JOHNSON TUNES HIS LYRE TO A HAND ORGAN

AH, MUSIC, JOY AND SOLACE OF THE GODS,
EVEN HOD CARRIERS WHO DALLY WITH THE HODS;
WORK THE HARDER WHEN AN ORGAN PLAYS,
MAGIC SOUND OF RUMP-DE-TOODLE-AYS!
I'VE BOUGHT A HAND ORGAN. MUSIC PAYS BETTER THAN POETRY SOME ORGAN GRINDERS MAKE $1.50 A DAY!
SOAP

SPRING, SPRING, BEAUTIFUL SPRING.
HAIL, THE GLAD TIME WHEN WE WON'T WEAR A THING
FOR SHOES GIVE YOU BUNIONS AND HATS MAKE YOU BALD.
AND TORTURE IS TROUSERS BY COURTESY CALLED.
OH, TRA-LA! 2 CENTS, PLEASE!
WA-OO! OO-OO! YIPE! YIPE! YIPE!

HERE COMES THE BRIDE, HERE COMES THE GROOM.
SHE IS SO FAT SHE TAKES UP ALL THE ROOM.
LOOK AT HER HAT, TRIMMED WITH A ROSE.
SHE IS CROSS EYED WITH A WART ON HER NOSE.
HA! A MARRIAGE COUPLE! 4 CENTS, MAYBE!

LIST, OH BEAUTEOUS CREATURE, TO SOME GOOD ADVICE. IF YOU BEAT YOUR HUSBAND, NEVER DO IT TWICE.
DON'T FORGET THE TWO ORPHANS!
TEE HEE!
HAW HAW!

ALAS FOR CUPID, POOR HYMEN IS DEAD.
HE DIED SHEDDING ONE BITTER TEAR.
'TWAS A HORRIBLE DEATH, SO THE DOCTORS ALL SAID,
'TWAS A WIENER-WURST STUCK IN HIS EAR.
TAKE THAT!
REMEMBER THE ALAMO! CHOWF!
GOSH! THIS IS WORSE THAN BOAT BUILDING!

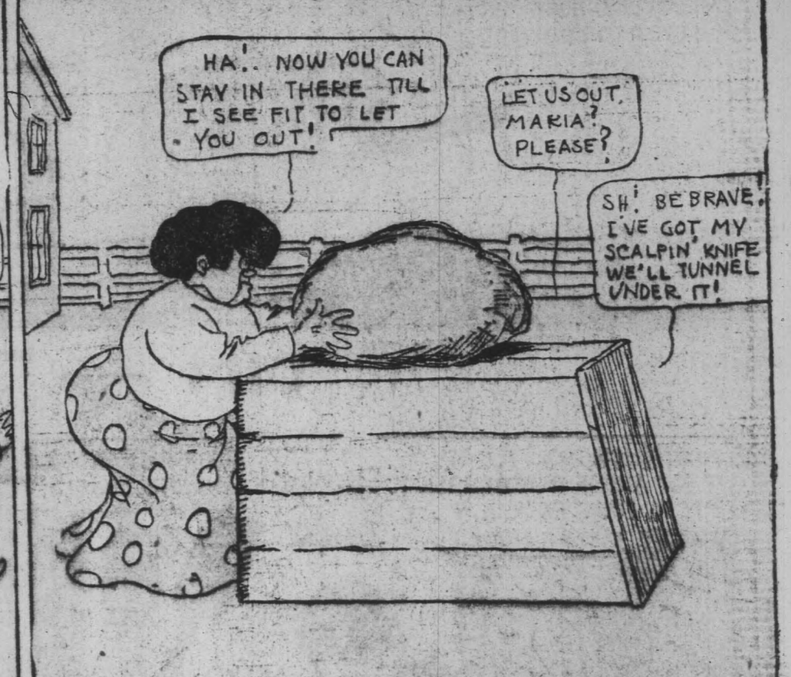
GASOLINE GUS GOES ON AN ERRAND OF IMPORTANCE

GEE!-WHAT A PUNCHING I GOT!
SAY, KID, TELL TINHORN GASOLINE GUS HAS GOT BACK AN' WANTS TO GIVE HIM WHAT HE GOT DOWN TO TH' DOCK-SEE!
YEP! I SEE WOT YER GOT O.K!

SHIP AHOY-
A ONE REELER
DO YOU KNOW WHO I SAW TODAY?
WHO?
OUR OLD FRIEND JONES.
OH, ZAT SO?
AND SAY,- HE DONT PLAY POKER ANY MORE.
I KNOW IT,- HE WAS CONVERTED ON HIS TRIP TO EUROPE.
OH, ON THE OCEAN? HOW SO?
HE WAS SO SEA SICK HE GAVE UP EVEN POKER.

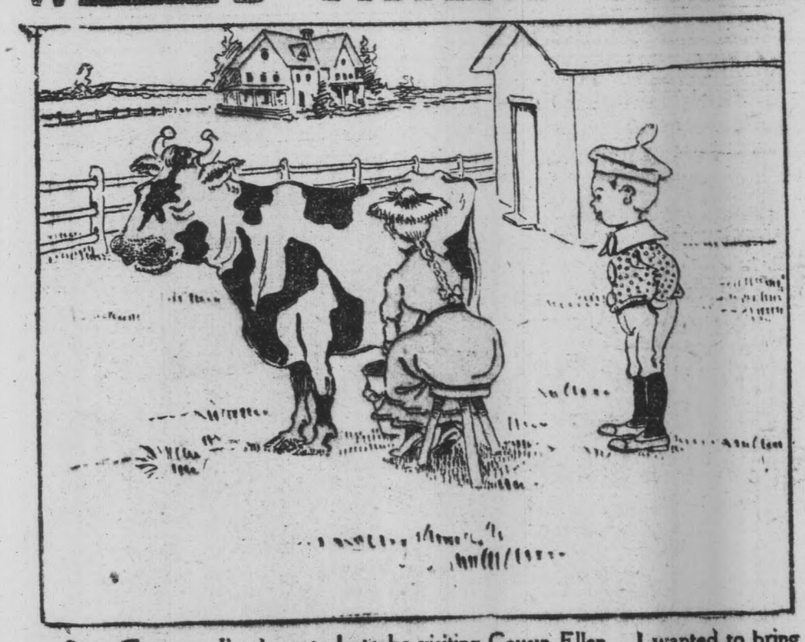
ENOCH AND HIS FATHER AGGRAVATE MARIA'S CHOLERIC PASSION

I HEAR VOICES! SOMETHING TELLS ME IT IS PICKLEWEIGHT TOADS AND SHRIMPS!
ENOCH, KAINT YE SLIP IN AND GIT SOME BREAD AND COLD MEAT OR SUMPIN'? I'M HUNGRY! I WALKED ALL THE WAY FROM PODUNK!
I DASS ENT! MY WIFE IS ON ANOTHER RAMPAGE! I'VE LIVED ON PARCHED CORN FOR 2 DAYS!

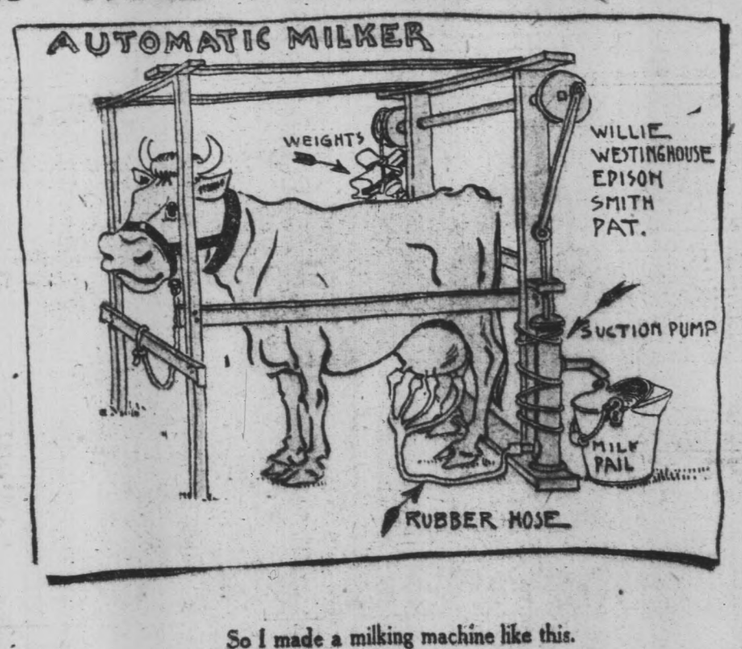


HA! NOW YOU CAN STAY IN THERE TILL I SEE FIT TO LET YOU OUT!
LET US OUT, MARIA? PLEASE?
SH! BE BRAVE! I'VE GOT MY SCALPIN' KNIFE WE'LL TUNNEL UNDER IT!

WILLIE'S PATENT MILKER WAS ALL RIGHT, BUT SOMETHING HAPPENED



Dear Tommy—I've been to Latrobe visiting Cousin Ellen. I wanted to bring her home with me, but Aunt Jane thinks nobody can milk Spotty but Ellen.



So I made a milking machine like this.

We tied Spotty in the frame, and it worked fine.

Aunt Jane had just promised that Cousin Ellen could come home with me—

When Spotty's tail got caught in the shaft—

And she just kicked the whole machine to matchwood. Yours, etc., Willie.

SAVE
